Reconstructing Times Square Alexander J. Reichl, 1999 When the big ball drops on New Year's Eve thousands are there to witness that great glittering sight while millions more watch on national television Times Square may be the cultural hub of America the Crossroads of the World but its lights have not always shone as brightly as they do now Once a glamorous theater district Times Square and 42nd Street had degenerated into a neighborhood known for the winos and sex shops of Midnight Cowboy until New York's business and arts communities stepped in These advocates of urban revitalization exploited cultural and historic preservation arguments to transform a low income entertainment district into a Disney-fied tourist mecca Where Ratso Rizzo once kicked cars and hookers plied their trade Mickey Mouse now greets visitors from atop a Disney superstore surrounded by rising office towers theaters and theme restaurants all thanks to huge tax subsidies and government support Alexander Reichl tells the fascinating story of how cultural politics and economic greed transformed the city's physical and social environment with an ongoing multibillion dollar redevelopment program changing the district from a symbol of urban decline to one of urban renaissance He explains the political significance of the historic preservation and arts related approach to urban revitalization showing how it was used to appeal to the upscale values of middle class New Yorkers often hostile to urban renewal He also examines the role of the Walt Disney Company in the project and demonstrates its power to redefine a premier public space In telling the story of

Times Square Reichl reveals much about politics and power at the city level and their relationship to the development of urban space He frames his lively narrative with an illuminating account of how historic preservation initiatives at all government levels have displaced large scale federal urban renewal programs as the dominant approach to urban development and he shows the importance of political discourse and cultural politics in mobilizing public support for urban redevelopment Now that it has been reconfigured for the 21st century Times Square provides a rich and multifaceted case for exploring the latest trends in urban renewal Yet Reichl suggests much that has happened here is regrettable the ousting of low income citizens to serve commercial interests the loss of a culturally diverse entertainment district and the failure to address persistent class and race based segregation in a central urban area By getting to the heart of the Great White Way *Reconstructing Times Square* provides an important look at urban renewal and politics in a changing America Gartner Group Symposium ITxpo ,1998 The Proceedings of the ... Annual Health Care Information & Management Systems Conference ,1998 *Informationweek* ,2003-10 **Criminal Justice Ethics** Cyndi Banks,2018-12-31 Criminal Justice Ethics examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory exploring ethical dilemmas and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by first exploring moral dilemmas faced by professionals in the criminal justice system and then examining the major theoretical foundations of ethics This distinct and unique organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of these issues Systems Analysis, Design, and Implementation John G. Burch,1992 This book is intended to be used as the textbook for a course in computer information systems development and assumes a reasonable understanding of computer concepts terminology and programming It can be used in lecture case or project based classes After a thorough introduction to systems development this text examines the front end and back end phases of systems design when approached in a disciplined manner Traditional methodologies along with recent developments in the field are addressed by the application of an ongoing case study that illustrates the chapter topics in a real world setting

Contemporary Issues in American Policing Richard K. Moule Jr.,Bryanna Fox,2021-03-30 American law enforcement and the public s perception of police is a topic of growing interest among academics practitioners and policymakers From the 2014 events in Ferguson MO and the alleged Ferguson Effect to the debate over the impact of body worn cameras BWCs police militarization use of force and other practices that may alter the public s view of police legitimacy and procedural justice there is an increasing need for research addressing these contemporary issues in American policing This book presents the latest research on these topics as well as related topics noted in the Presidential Task Force on 21st Century Policing such as police use of technology transparency oversight and building trust with the community The studies contained in this book examine these issues by leveraging empirical data on policing public perceptions crime and diverse

research methods to present high quality analysis of these timely and relevant topics in today s world The chapters in this book were originally published as a special issue of the Journal of Crime and Justice **The Police Chief** ,2000 *Haiti* Michael J. Dziedzic,2008 The UN mission in Haiti s successful campaign against the country s gangs set a precedent for future missions Based on field research authors Michael Dziedzic and Robert Perito explore the conduct of military and police operations Haitians overwhelmingly positive views of the UN intervention and lessons learned Publisher description
