**Writing Quebec** Hubert Aquin, 1988 No description      *Encounters with Quebec* Susan L. Rosenstreich, 1998 Whether Quebec is an old friend or new acquaintance reading about its literature has to include at some point a consideration of the place itself And coming into contact with current day Quebec is not a simple matter The very name Quebec has become a record of dynamic at times troubled meeting of culture the consequences of which do not appear to diminish with the passage of time but which instead produce an always more complex identity to match the place name It is appropriate then that essays in a collection on contemporary narrative fiction in Quebec view their subject through perspectives that seek to illuminate that full diversity In one way or another but not in any single way other than in their provenance the works of narrative fiction examined on the following pages are seen to be Qu b cois They reflect distinct realities that belong to Quebec with all the representations of reality that site can offer It has been the concern of the essayists to develop and focus their insights on Qu b cois fiction so that the diversity of its realities bring the reader closer to present day Quebec

**National Manhood and the Creation of Modern Quebec** Jeffery Vacante, 2017-06-15 This intellectual history explores how the idea of manhood shaped French Canadian culture and Quebec s nationalist movement During the latter half of the nineteenth century Quebec was an agrarian society and masculinity was rooted in the land and the family and informed by Catholic principles of piety and self restraint As the industrial era took hold a new model was forged built on the values of secularism and individualism Jeffery Vacante s perceptive analysis reveals how French Canadian intellectuals defined masculinity in response to imperialist English Canadian ideals This national manhood would be disentangled from the workplace the family and the land and tied instead to one s cultural identity The new formulation was crucial in the larger struggle to modernize Quebec s institutions while preserving French Canadian community faith and culture It offered French Canadian men a way to remodel themselves participate in industrial modernity and still assert cultural authority

Struthers, 1997-04-18 Times change lives change and the terms we need to describe our literature or society or condition what Raymond Williams calls keywords change with them Perhaps the most significant development in the quarter century since Eli Mandel edited his anthology *Contexts of Canadian Criticism* has been the growing recognition that not only do different people need different terms but the same terms have different meanings for different people and in different contexts Nation history culture art identity the positions we take discussing these and other issues can lead to conflict but also hold the promise of a new sort of community Speaking of First Nations people and their literature Beth Brant observes that Our connections are like the threads of a weaving While the colour and beauty of each thread is unique and important together they make a communal material of strength and durability *New Contexts of Canadian Criticism* is designed to be read to work in much the same manner      *Canadian Books in Print* ,2003      **Canadian Literature Index** ,1988
