Women Anthropologists Ute Gacs, 1988-02-04 A welcome resource and reference biographical dictionary that took five years to produce and is aimed at both graduate and undergraduate students in anthropology history and sociology Each chapter is a brief autobiography that portrays the professional and personal lives the triumphs and tribulations of the brave committed first and second generation pioneers Well organized with useful appendixes indexes and references Choice These concise biographies of a wide and interesting sample of women anthropologists make a valuable addition to the growing field of history of anthropology As the editors point out the careers of these women illuminate usually by contrast the factors that shaped the discipline of

anthropology in its first century The editors also note that these women s careers show far more applied and popular work than characterizes the careers of most prominent men anthropologists and this difference calls into question the values implicit in much mainstream anthropology implicit values often at odds with professed values Alice B Kehoe Marquette University **The World Cookbook for Students** Jeanne Jacob,Michael Ashkenazi,2007 AVAILABLE ONLINE CLICK ON LINK BELOW **Recording for the Blind & Dyslexic, ...
