Bornstein, 2012-08-01 Completely revised and expanded from four to five volumes this new edition of the *Handbook of Parenting* appears at a time that is momentous in the history of parenting Parenting and the family are today in a greater state of flux question and redefinition than perhaps ever before We are witnessing the emergence of striking permutations on the theme of parenting blended families lesbian and gay parents and teen versus fifties first time moms and dads One cannot but be awed on the biological front by technology that now not only renders postmenopausal women capable of childbearing but also presents us with the possibility of designing babies Similarly on the sociological front single parenthood is a modern day fact of life adult child dependency is on the rise and parents are ever less certain of their own roles even in the face of
