Management Des Stratégies À Découvrir, 2001-03 *Emotional Intelligence Skills Guide and Workbook* Paul Gerhardt, 2019-07-21 The best book on emotional intelligence skill building available Based upon the latest research this is perhaps the greatest tool ever developed to help leaders and employer of all levels develop the much needed emotional intelligence skills needed to develop better relationships manage potential conflict lower employee turnover and build trust This workbook breaks down key concepts in plain easy to read and easy to follow lessons to help you grow your emotional intelligence skills Read the short lessons reflect then build your skills by doing the short writing assignments at your own convenience Dr Paul Gerhardt has been teaching diversity and leadership skills since 2000 to thousands of leaders from many different organizations across the United States Visit www.SupervisionEssentials.com for other great training products and leadership lessons *Self-science* Karen Stone-McCown, Joshua M. Freedman, Anabel L. Jensen, Marsha C. Rideout, 1998 Self Science is a curriculum and a process for teaching social and emotional skills It is a flexible framework where students do activities or experiments that lead to discussion and learning The students own experiences concerns and questions drive the content so the process works with people from all kinds of backgrounds all ages and all levels Self Science fuses cognitive and affective learning students build feeling and thinking skills at the same time Rather than telling children what not to do Self Science provides multiple options of what to do It helps children become more aware of themselves and make more conscious decisions about the ways they think feel and act independently and interdependently Nationally and internationally parents and teachers are increasingly concerned about school culture and emotional intelligence competencies Issues of exclusion violence depression and under achievement are all addressed within this preventative comprehensive program Self Science so named because emotional intelligence grows from the study of ourselves and our relationships is one of the few comprehensive developmental and research based curricula for creating a school wide culture of emotional intelligence The Self Science program creates a fundamental shift in the structure of the school toward collaboration inclusion and humanism

Part of the power of Self Science is its flexibility. Once a facilitator understands how a lesson flows, she or he can easily adapt any current topics, other exercises, and even academic subject matter into the lessons. In addition, Self Science can be taught as a stand-alone class or folded into existing programs such as class meetings, advisory, life skills, or community service.
