*Ramblings on the Path* Anand Shraddhan,2006-02-16 This fascinating and wide ranging book is the true story of a coolly rational and deeply unhappy person who sought release from the tyranny of the mind Having entered the stream of awakening he set out to find what might lie beyond This is not yet another version of I found my salvation in Jesus No religious moral sentimentality will be found here The author's message is as Socrates pointed out that an unexamined life is not worth living This book is addressed to all those people who are genuinely interested in the question of what it means to be a human being in the hope that it will encourage them to widen their horizons and not be limited by them      The Path of Subud Kafrawi,1971      **The Path of Subud** Kafrawi,1969 This thesis examines the origins nature and characteristics of the Subud mystical order which is an expression of Javanese Red abangan Muslim mysticism It presents material on the life of the founder on the religious background of the order and presents the doctrines practices and forms of organization peculiar to the order      **The Sumarah Movement in Javanese Mysticism** Paul Stange,1980      *The Way Home - And How to Get There* Jonathan W. Koontz,2008 This is a book of essays They are about the journey we all take through life All of us are heading toward a real goal home We will each know our own home when we get there When these essays started coming out of my computer I did not know they were going to be essays I was totally astonished when *His Eye Is On The Sparrow* showed up fully formed needing only slight tweaking to assume its final shape I looked it over This was an essay It could not be anything else Carrying on with my writing I saw essay after essay appear on the screen of my computer Some came out of my brain and heart almost as fully formed as the first Some required much work I believe the work was worthwhile I believe the book is worthwhile I stand proudly behind every idea in this book I do not stand behind every word Every major idea here is transformational and liberating I do not know how many major liberating transformational ideas there are in the world but as I write this I can think of maybe 20 or 30 no more On the other hand there are more than a half a million words in the three books You may find words with which you disagree I hope you do But it would be a step in the wrong direction for you to disagree with the ideas If you are completely satisfied with your current ideas about life if you know all you want to know about leading a joy filled life full of spirituality but devoid of empty religiosity if you are happy with your relationships with all the people who mean something to you if you have not thought about these things in many years and really don't care to think about them now If all this is true for you please close this book and stop reading immediately *The Way Home* is really three books in one cover Each of the three is a complete unit but each book gains strength from the other two There are forty one essays in *The Way Home* and each essay is complete in itself but is also part of a unified whole Book One provides an overview for the special person who will want to read a serious book of essays about how to lead life Book Two is for those

who might want to know more about the author and how he became the person he is Book Three is for those who understand the first two These fortunate few will already be conscious citizens of the new world already emerging from the ashes of the complete failure of western civilization They know where they are going and how to get there They will have gained a sense of direction for everything they do and they will know how to regain balanced movement if they are ever threatened Most of them will be able to do this because of a new religion they have adopted It may be called by the same name as the religion they have always had but it will be a new and intensely personal view of that religion This personal religion will use some of the language of the religion into which the person was born that is Christians may use mostly the words of Jesus Jews will not use Jesus words at all the different sects of the Moslem world will find different sections of the Koran to emphasize and Indians will quote the Upanishads Remarkably there will be no disagreement although each religion will be unique to one person alone *Gods and Religions* Saul Silas Fathi,2023-12-22 **The Path of Subud [microform] : a Study of 20th Century Javanese Mysticism Founded by Muhammad Subuh Sumohadiwidjoja** Kafrawi,1970 This thesis examines the origins nature and characteristics of the Subud mystical order which is an expression of Javanese Red abangan Muslim mysticism It presents material on the life of the founder on the religious background of the order and presents the doctrines practices and forms of organization peculiar to the order *Mysticism & Everyday Life in Contemporary Java* Niels Mulder,1983 **Tomorrow**,1961 **The Middle Way**,1958 *Challenge*, **The Politics of Compassion and Transformation** Dick W. Simpson,1989 In our time we require a religion ethics and politics adequate to confront the global crises we face In our scientific era of progress we might expect to look with confidence to the scientific disciplines of political science sociology and economics to solve the problems of our civilization We might also look to the older disciplines of religion and ethics to determine our values and to tell us what we ought to do But the sad truth is that the dominant paradigms methods and conclusions of the social sciences and humanities are inadequate to this task We need a new politics of compassion and transformation **The Many Faces of Subud** Riantee Lydia Rand,2005-04-18 Subud is a direct and spontaneous spiritual experience that allows people to receive a contact with the Great Life Force It re awakens their inner feeling and puts them in touch with their own guidance eventually bringing to the surface their true nature which was before obstructed and cluttered with erroneous beliefs ancestral patterns of behavior culture education and their family malfunctions Many have found a deeper understanding of their own religious beliefs from the evidence they receive for themselves Others have come to actualize their true talent and work There are Subud groups in eighty countries bringing together harmoniously people of many different religious and ethnic backgrounds The spiritual practice or latihan arises from within It is a natural process that occurs without effort or study This book is the result of the collaborative effort of three women who have practiced the latihan of Subud for decades It compiles testimonies of Subud members from all over the world on different topics Each chapter begins with a short account of observations experiences receivings and dreams on

the subject People interviewed were of different age groups social and ethnic backgrounds some newly opened in Subud some older members some second and third generation Subud The opening latihan when one first receives this contact is a ceremony of introduction into the spiritual exercise after a three month period of inquiry referred to as the probation or investigation period Through the latihan people renew their contact with the power of God and become aware of the latent powers that reside in all of humankind The central feature of Subud is the latihan kejiwaan or inner training which takes place for half an hour up to an hour two or three times a week and is practiced by men and women separately Subud has little doctrinal teaching except for the belief in divine power and higher centers of consciousness The implication is that people practicing the latihan align themselves with those higher centers It is available to any person seventeen and older who has a sincere wish to worship God and wants to receive this contact The action of the latihan within each person allows the power of God to express itself spontaneously through singing chanting shouting moving dancing crying laughing etc Subuds founder Bapak Muhammad Subuh explains that in this way when in the latihan we make a complete surrender to the Power of God or the Great Life Force we can receive the education of our inner selves free from interference by our minds and hearts and according to our own individual needs Participants have often reported strong feelings of rapture and release psychological and physical healing During latihan one lets go of thoughts and emotions in order to follow what surfaces those movements and sounds that spontaneously arise from deep within It is a form of cleansing which allows the worship of God to become stronger and less obstructed a training that lets individuals get in touch develop and trust their inner guidance enabling the complete self to emerge through an action that comes from beyond the thinking and the will
