Japanese Fairy Tales (Illustrated) Yei Theodora Ozaki, 2015-02-01 Japanese Fairy Tales signifies a certain set of well known classic tales with a vague distinction of whether they fit the rigorous definition of folktale or not The admixed imposters are literate written pieces dating back to the Muromachi period 14th 16th centuries or even earlier times in the Middle Ages These would not normally qualify as folktales i.e. pieces collected from oral tradition among the populace In a more stringent sense Japanese folktales refer to orally transmitted folk narrative Systematic collection of specimens was pioneered by folklorist Kunio Yanagita Yanagita disliked the word minwa a coined term directly translated from folktale Yanagita stated that the term was not familiar to actual old folk he collected folktales from and was not willing to go along with the conventions of other countries He therefore proposed the use of the term mukashibanashi tales of long ago to apply to all creative types of folktales i.e. those that are not legendary types which are more of a reportage

Ancient Japanese Fairy Tales Yei Theodora Ozaki,2019-04-01 Long long ago there was a large plain called Adachigahara in the province of Mutsu in Japan This place

was said to be haunted by a cannibal goblin who took the form of an old woman From time to time many travelers disappeared and were never heard of more and the old women round the charcoal braziers in the evenings and the girls washing the household rice at the wells in the mornings whispered dreadful stories of how the missing folk had been lured to the goblin s cottage and devoured for the goblin lived only on human flesh No one dared to venture near the haunted spot after sunset and all those who could avoided it in the daytime and travelers were warned of the dreaded place One day as the sun was setting a priest came to the plain He was a belated traveler and his robe showed that he was a Buddhist pilgrim walking from shrine to shrine to pray for some blessing or to crave for forgiveness of sins He had apparently lost his way and as it was late he met no one who could show him the road or warn him of the haunted spot He had walked the whole day and was now tired and hungry and the evenings were chilly for it was late autumn and he began to be very anxious to find some house where he could obtain a night s lodging He found himself lost in the midst of the large plain and looked about in vain for some sign of human habitation At last after wandering about for some hours he saw a clump of trees in the distance and through the trees he caught sight of the glimmer of a single ray of light He exclaimed with joy Oh surely that is some cottage where I can get a night s lodging

The Japanese Fairy Book Yei Theodora Ozaki, 1922 This collection of Japanese fairy tales is the outcome of a suggestion made to me indirectly through a friend by Mr Andrew Lang They have been translated from the modern version written by Sadanami Sanjin These stories are not literal translations and though the Japanese story and all quaint Japanese expressions have been faithfully preserved they have been told more with the view to interest young readers of the West than the technical student of folk lore Grateful acknowledgment is due to Mr Y Yasuoka Miss Fusa Okamoto my brother Nobumori Ozaki Dr Yoshihiro Takaki and Miss Kameko Yamao who have helped me with translations The story which I have named The Story of the Man who did not Wish to Die is taken from a little book written a hundred years ago by one Shinsui Tamenaga It is named Chosei Furo or Longevity The Bamboo cutter and the Moon child is taken from the classic Taketari Monogatari and is not classed by the Japanese among their fairy tales though it really belongs to this class of literature The pictures are drawn by Mr Kakuzo Fujiyama a Tokio artist In telling these stories in English I have followed my fancy in adding such touches of local colour or description as they seemed to need or as pleased me and in one or two instances I have gathered in an incident from another version At all times among my friends both young and old English or American I have always found eager listeners to the beautiful legends and fairy tales of Japan and in telling them I have also found that they were still unknown to the vast majority and this has encouraged me to write them for the children of the West
