## **Tehran Rising:**

*Tehran Rising* Ilan Berman, 2007-04-24 The Islamic Republic of Iran today constitutes the single greatest challenge to the United States and the War on Terror In the Persian Gulf and Central Asia Iranian policymakers are busy cobbling together alliances intended to elevate it to the status of a regional superpower at the expense of the U S and its European allies In Iraq Iran is spending millions to perpetuate a lingering insurgency that threatens to transform the former Ba athist state into another Islamic Republic Iran remains the world s most active sponsor of terrorism fueling the activities of Hamas the Palestinian Islamic Jihad Hezbollah and al Qaeda And through its nuclear advances mature chemical and biological weapons programs and an expanding conventional military Iran is gaining the capability to catastrophically alter the balance of power far beyond its immediate neighborhood All of this has been guided by an ambitious strategic agenda that is designed to make the Iranian regime the center of gravity in the post Saddam Middle East As evidence of this threat mounts one thing remains crystal clear to Ilan Berman Washington is woefully unprepared to deal with this mounting peril Berman s approach is hard hitting provocative and unflinchingly critical But he takes the exploration of Iran s menace one step further providing what has been missing so far in the foreign policy discourse regarding Iran both within the U S government and outside it practical policy prescriptions designed to contain Iran s strategic ambitions

**Tehran Rising** Ilan Berman, 2007 Iran is the most significant current threat to the United States the Middle East and the West As the evidence demonstrating this threat mounts one thing remains clear to Ilan Berman Washington is woefully unprepared to deal with this mounting peril Berman s approach is hard hitting provocative alarmist and unflinchingly critical But he takes the indictment of Iran one step further providing what has been missing so far in the foreign policy discourse regarding Iran\_ both within the U S government and outside it\_ policy prescriptions designed to contain Iran s strategic ambitions

Tehran Ali Madanipour, 1998-09-16 This is the first book dedicated to the city of Tehran Once held to be one of the capitals of the luxurious Orient the home of the Peacock Throne the city is now a giant metropolis with great influence across the Muslim world Tehran s two revolutions have not only shaken the city but have drawn the fault lines between East and West Tehran traces the capital s social and physical transformation over the last two centuries from the Persian empire to the Islamic Republic from a small town at the centre of a loose collection of provinces to a node in the global economy from a city dominated by the shah s citadel overlooking a maze of winding streets to an open but polarized matrix of people and places changes which characterize the tensions of globalization and modernity To the West Tehran remains a hidden city structured by an alien political and religious ideology The author s first hand experience of both Iranian culture and of the city of Tehran itself allows him to explore the subtleties of this urban environment with a fine grained insight Tehran will become an indispensable guide to any interested in the fabric and history of this city one of the few world cities which has shaped the course of the Twentieth Century
