MISSION #1
Periscope - 1st Part

CLASSIFIED

BACKGROUND
The periscope you've been assigned has been specially placed in your room to help you spy on the neighbors of the top-down in the building. This allows you to see their clothes and other activities. You can use these items to make light rays reflect off to mirror at the same angle as they hit the mirror. **How to use the periscope:** The mirrors inside are set at a specific 45 degree angle to reflect light coming in at a 90-degree angle from the viewer. The opening at the top is placed above the viewer's head. When you look through the opening, a beam of light enters and hits the top mirror, a beam of light reflects and hits the bottom mirror, a beam of light enters and hits the top mirror.

MISSION OBJECTIVE
Using your periscope to spy on the neighbors, what can you see? Can you see any "top-down" activities? Can you see the "top-down" activities?
