Victors Party:

Violent Victors Sarah Zukerman Daly, 2022-11-22 Why populations brutalized in war elect their tormentors One of the great puzzles of electoral politics is how parties that commit mass atrocities in war often win the support of victimized populations to establish the postwar political order *Violent Victors* traces how parties derived from violent wartime belligerents successfully campaign as the best providers of future societal peace attracting votes not just from their core supporters but oftentimes also from the very people they targeted in war Drawing on more than two years of groundbreaking fieldwork Sarah Daly combines case studies of victim voters in Latin America with experimental survey evidence and new data on postwar elections around the world She argues that contrary to oft cited fears postconflict elections do not necessarily give rise to renewed instability or political violence Daly demonstrates how war scarred citizens reward belligerent parties for promising peace and security instead of blaming them for war Yet in so casting their ballots voters sacrifice justice liberal democracy and social welfare Proposing actionable interventions that can help to moderate these trade offs *Violent Victors* links war outcomes with democratic outcomes to shed essential new light on political life after war and offers global perspectives on important questions about electoral behavior in the wake of mass violence *The Two Victors* Elizabeth Bedell Benjamin, 1881 **The Workingman and Civil-service Reform** National Civil Service League, 1892 *Ending Wars Justly* David K. Chan, 2025-04-15 This volume features original essays on the ethics of ending wars *jus ex bello* It fills a significant gap in just war theory and sets the stage for other thinkers to engage with the topic What makes questions about *jus ex bello* especially difficult for ethicists to answer is that the just war tradition has neglected to develop principles for ending wars justly Until recently debates have primarily focused on justice in going to war *jus ad bellum* justice in fighting a war *jus in bello* and justice after war *jus post bellum* Additionally many contemporary conflicts are unconventional and not the kind that the traditional principles of just war theory are designed to address The chapters in this volume address the question of how and when wars can end justly Part 1 approaches *jus ex bello* from different theoretical angles including just war theory virtue ethics pacifism and feminism Part 2 discusses specific aspects of recent wars the United States withdrawal from Afghanistan after 20 years of military involvement in the country and the war that began with the Russian invasion of Ukraine in 2022 that is so difficult to end despite the escalating human cost *Ending Wars Justly* is an essential resource for scholars and advanced students working in just war theory the ethics of war and peace international relations and military and strategic studies *The Arena*, 1895 **Proceedings of the Royal Society of Edinburgh** Royal Society of Edinburgh, 1886 List of fellows for 1908 in v 25 *Proceedings of the Royal Society of Edinburgh*, 1886 *Daily Report*, 1975-02 *Transcendentalism* Joseph Cook, 1879 *Proportional Representation Applied to Party Government* Thomas Ramsden Ashworth, H.
