distant and as unknowable as ever and science fiction stories continue to explore it with delightful results Collected in this anthology are such imaginative gems as *The Wedding Album* by David Marusek In a high tech future the line between reality and simulation has grown thin and it's often hard to tell who's on what side *Everywhere* by Geoff Ryman Do the people who live in utopian conditions ever recognize them as such *Hatching the Phoenix* by Frederik Pohl One of science fiction's *Grand Masters* returns with a star crossing tale of the Heechee the enigmatic vanished aliens whose discarded technology guides mankind through the future *A Hero of the Empire* by Robert Silverberg Showing that the past is as much a province of the imagination as the future this novelette returns to an alternate history when the Roman Empire never fell to show us just how the course of history can be altered The twenty seven stories in this collection imaginatively take us to nearby planets and distant futures into the past and into universes no larger than a grain of sand Included here are the works of masters of the form and of bright new talents Supplementing the stories are the editor's insightful summation of the year's events and a lengthy list of honorable mentions making this book a valuable resource in addition to serving as the single best place in the universe to find stories that stir the imagination and the heart

Foundations of Science Fiction John J. Pierce, 1987-03-04 This important contribution to the study of science fiction explores the origins of the basic literary traditions of the genre Thematic rather than chronological organization sets this work apart from previous analyses The entire range of literary invention within science fiction is explored from its earliest beginnings through the past hundred years of serious development Emphasis is on enabling the reader to perceive the evolution of science fiction as an organic whole rather than a mere accumulation of works linked solely by popular publishing trends
