Understanding Search Engines Dirk Lewandowski, 2023-03-07 This book provides a broad introduction to search engines by integrating five different perspectives on Web search and search engines that are usually dealt with separately the technical perspective the user perspective the internet based research perspective the economic perspective and the societal perspective After a general introduction to the topic two foundational chapters present how search tools can cover the Web s content and how search engines achieve this by crawling and processing the found documents The next chapter on user behavior covers how people phrase their search queries and interact with search engines This knowledge builds the foundation for describing how results are ranked and presented The following three chapters then deal with the economic side of search engines i e Google and the search engine market search engine optimization SEO and the intermingling of organic and sponsored search results Next the chapter on search skills presents techniques for improving searches through advanced search interfaces and commands Following that the Deep Web and how its content can be accessed is explained The two subsequent chapters cover ways to improve the quality of search results while the next chapter describes how to access the Deep Web Last but not least the following chapter deals with the societal role of search engines before the final chapter concludes the book with an outlook on the future of Web search With this book students and professionals in disciplines like computer science online marketing or library and information science will learn how search engines work what their main shortcomings are at present and what prospects there are for their further development The different views presented will help them to understand not only the basic technologies but also the implications the current implementations have concerning economic exploitation and societal impact

[Echoes of the Well of Souls](#) Jack L. Chalker, 2013-03-29 THE CALL OF THE WELL For uncounted eons the Well World had regulated and given order to the universe and throughout the eternity Nathan Brazil had been the guardian of the Well of Souls where the universe s master control lay Forever wandering and alone returning to the Well in times of Danger Brazil had destroyed and

re created the cosmos several times over But even he wearied of his endless watch and had enlisted the aid of space pilot and high tech thief Mavra Chang the last time the universal order required resetting But now the universe faced a threat more grave than mere destruction An unnamed and utterly alien entity had somehow been released from its ancient prison and was bent on the corruption of the Well World itself If successful it would cause chaos beyond mortal understanding The Well World needed Brazil and Chang But when it found them would they once again answer the call And though Brazil was immortal could he even fight the force threatening the Well For the force was not of this universe and it had plans for Nathan Brazil

Star Chosen Joe Chiappetta,2010-03-15 Deleting history was just the beginning Blast off with STAR CHOSEN a space opera of post biblical proportions After war heartbreak attacks to your faith and the erasure of all history and culture whose side will you fight on the Proud or the Chosen In a time yet to come the high tech Faith War threatens to destroy all religions across the universe One small yet bold group known as the Chosen survives but will they rebuild or be torn to space dust across a cold universe Xeric Award winner and Ignatz Award nominee Joe Chiappetta crafts a science fiction epic for all ages Star Chosen 176 pages over 67 000 words

The Rhetoric of Cool Jeff Rice,2007-05-11 The Rhetoric of Cool Composition Studies and New Media offers a historical critique of composition studies rebirth narrative using that critique to propose a new rhetoric for new media work Author Jeff Rice returns to critical moments during the rebirth of composition studies when the discipline chose not to emphasize technology cultural studies and visual writing which are now

fundamental to composition studies Rice redefines these moments in order to invent a new electronic practice The Rhetoric of Cool addresses the disciplinary claim that composition studies underwent a rebirth in 1963 At that time three writers reviewed technology cultural studies and visual writing outside composition studies and independently used the word cool to describe each position Starting from these three positions Rice focuses on chora appropriation commutation juxtaposition nonlinearity and imagery rhetorical gestures conducive to new media work to construct the rhetoric of cool An innovative work that approaches computers and writing issues from historical critical theoretical and practical perspectives The Rhetoric of Cool challenges current understandings of writing and new media and proposes a rhetorical rather than an instrumental response for teaching writing in new media contexts [TV Content Analysis](#) Yiannis Kompatsiaris, Bernard Merialdo, Shiguo Lian, 2012-03-19 The rapid advancement of digital multimedia technologies has not only revolutionized the production and distribution of audiovisual content but also created the need to efficiently analyze TV programs to enable applications for content managers and consumers Leaving no stone unturned TV Content Analysis Techniques and Applications provides a de
