**Australian Coastal Wars** Doctor Tom Lewis, 2025-09-30 For the first time acclaimed military historian Dr Tom Lewis OAM uncovers the full scale of World War II's forgotten battles along our coastline From German surface raiders laying deadly mines to Japanese submarines prowling offshore and enemy aircraft launching hundreds of attacks the war on the coast stretched across thousands of kilometres from Darwin to Hobart from Townsville to Melbourne This landmark book rewrites history revealing a long and brutal struggle between German and Japanese forces and those of Australia Britain and the United States Scores of ships were sunk thousands of lives lost yet much of this story remains unknown Among the tragedies are gripping accounts of heroism and heartbreak the sinking of the cruiser Sydney with 645 lives lost in a duel with the raider Kormoran a deadly mine explosion on a quiet South Australian beach and the haunting fate of a priest abducted and executed by an enemy floatplane crew There are also tales of misjudgement and misadventure like the flawed decisions during the Sydney midget submarine raids partly redeemed by the courage of small ship commanders whose bravery remains unrecognised Other stories are only now coming to light including the daring attack by two RAAF bombers on a Japanese submarine still lost off the coast of New South Wales Australian Coastal Wars reveals it all a sweeping and deeply human account of a war far closer to home than most Australians ever realised [Fire Force](#) Chris Cocks, 2020-06-01 Fire Force is the account of Chris Cocks's service in 3 Commando The Rhodesian Light Infantry RLI during Zimbabwe's civil war of the 1970s a war that came to be known almost innocuously as the bush war Fire Force a tactic of total airborne airmobile envelopment was developed by the RLI and became the principal strike weapon of the beleaguered Rhodesian forces in their struggle against the tide of the communist trained and equipped ZANLA and ZIPRA guerrillas Like Reitz's work *Commando A Boer Journal of the Boer War* Fire Force by first time author Chris Cocks is a personal account of close quarter warfare It is a unique compelling sometimes brutal account of a young conscript's three years of service in the elite Rhodesian Light Infantry Cocks's work is one of the very few books which adequately describes the horrors of war in Africa Fire Force is the best book on the Rhodesian War that I have read Southern African Review of Books Fire Force will be to the Rhodesian War

what Remarque's *All Quiet on The Western Front* was to World War I A high claim indeed but perhaps valid for this moving book is a classic in any sense The Star The narrative is raw it gives the book a veracity so complete that it will transport anyone involved in the ordeal back across the years with the force of a body blow Rhodesia does at last have its own version of Michael Herr's Vietnam experiences *Dispatches* A sense of regret is what really lingers that the whole nightmare had to happen at all The list of names of boys killed or scarred physically and mentally is moving beyond mere words The Financial Mail
