Web Conferencing:

Video Conferencing over IP: Configure, Secure, and Troubleshoot Michael Gough, 2006-06-07 This book demystifies the technology behind video conferencing and provides single users and small enterprises with the information they need to deploy video conferencing efficiently and cost effectively For many years the promise of high quality low cost video conferencing has been an attractive solution for businesses interested in cutting travel costs while maintaining the benefits of face to face contact Unfortunately most solutions never lived up to the promise due primarily to lack of internet bandwidth and poorly developed protocols That s no all changed The capacity has been created the hardware works and businesses are more eager than ever to cut down on travel costs Budget conscious methods for deploying Video over IP in small to medium enterprises Coverage of Cisco Microsoft Skype AOL Google VidiTel and many other products How to identify and resolve nagging quality of service issues such as transmission delays and out of synch video to voice feeds *Enhancing Instruction with Visual Media: Utilizing Video and Lecture Capture* Smyth, Ellen G., Volker, John X., 2013-04-30 This book offers unique approaches for integrating visual media into an instructional environment by covering the impact media has on student learning and various visual options to use in the classroom Provided by publisher **THE INTERNET** JAMES, K. L., 2010-04-10 In this new era the Internet has changed the ways of doing business activities learning methods teaching strategy communication styles and social networking This book attempts to answer and solve all the mysteries entangled with the Web world Now in its second edition the book discusses all the updated topics related to the Internet Beginning with an overview of the Internet the book sails through the evolution and growth of the Internet its working hardware and software requirements protocols used e mail techniques various Internet security threats and the methods of using and configuring different security solutions file transfer methods and several other Internet services with all the details illustrated through live screenshots Presented in a simple yet engaging style and cogent language this book will be useful for any course introducing students to the Internet or where the Internet is a part of the curriculum It will also immensely benefit all those who are interested in developing the necessary skills to use the Internet WHAT IS NEW TO THIS EDITION Chapters on Internet Telephony and Web Conferencing Blogs and Social Networking Inclusion of topics such as Web 2 0 Web 3 0 technologies IPv6 VoIP Wikis SMS and Blogs Detailed features of the newest Internet tools and software applications including open source free and cross platform types Comprehensive and updated Internet dictionary acquainting with the Web world terminologies *Library Programs Online* Thomas A. Peters, 2009-10-27 Meet your library patrons where they increasingly live and work online This guide introduces you to the exciting possibilities online programs offer and shows you how to set up online programs in your library whether one time stand alone or half day full day or multi day workshops and conferences Public programs from lectures demonstrations and interviews to book discussions and story hours can be delivered in real time live primarily over the web utilizing a variety of interactive communication tools including voice over IP

text chatting and co browsing Furthermore online programming can be used for district wide staff training The author explains how to integrate pre recorded components of a program into a live online public program shows how to extend the reach and appeal of online public programs with podcasting and audiorecordings and explains how to use voice over IP and video over IP to enhance online programs In addition to outlining the costs of starting and operating a public online program Peters also provides cost recovery methods and scenarios Online public programs can extend your library s reach into the service population grab the attention of some early adopters and opinion leaders in the community you serve and convey to patrons and other libraries that your library is moving boldly into the digital future Plus many people are more likely to attend an online library program than an in library public program And because online programs are easily recorded and redistributed on demand your library gets more bang for each buck it invests in its public programming outreach Distance education programs in higher education corporate and governmental training efforts and other sectors of society have become commonplace but this is the first guide to focus on how libraries public academic school and special and library related organizations associations consortia etc can and are developing exciting online programs for library users and librarians
