

Theodor Brinkmann's
**ECONOMICS OF THE
FARM BUSINESS**

*The First Authorized English Translation
With an Introduction and Notes by
Elizabeth Tucker Benedict
Heinrich Hermann Stippler and
Murray Reed Benedict*

This treatise, representative of the best modern German thinking concerning the problems of farm economics, especially the problems of farm management, is here for the first time made available to the American student. The original text has always been on required reading lists of courses in farm economics, yet few students have been able to digest the difficult German prose. The English translation will thus fill an indispensable need.
