Theoretical Frameworks For Personal Relationships

Ralph Erber

Theoretical Frameworks For Personal Relationships:

Theoretical Frameworks for Personal Relationships Ralph Erber, Robin Gilmour, 1994 The past two decades have seen a tremendous increase in research and scholarship devoted to personal relationships From rather scattered beginnings a recognizable and recognized field has emerged whose strength and health is reflected in a wide array of indicators The editors contend that while the vigor of the field is often shown in the diversity and innovation of its research it is in the theoretical domain that they find evidence of a real coming of age This volume provides grounds for arguing that the diversity of theorizing is particularly healthy at this point The reader will notice that there is some diversity in terms of how much theory and research is contained in each chapter some are purely theoretical others are complemented by original pieces of empirical research The editors and contributors are from different countries another way in which the diversity of this book manifests itself The variety of the frameworks presented are seen as a strength as building on established strengths elsewhere to feed into relationship research and enhance its vitality Each chapter makes its own contribution to thinking and research about personal relationships As a group they add to an exciting collection that not only reflects a richness of conceptual backing but also a wide range of usable theoretical structures

Theoretical Frameworks for Personal Relationships Ralph Erber, 2013 The past two decades have seen a tremendous increase in research and scholarship devoted to personal relationships From rather scattered beginnings a recognizable and recognized field has emerged whose strength and health is reflected in a wide array of indicators The editors contend that while the vigor of the field is often shown in the diversity and innovation of its research it is in the theoretical domain that they find evidence of a real coming of age This volume provides grounds for arguing that the diversity of theorizing is particularly healthy at this point The reader will notice that there is some diversity in terms of how much theory and research is contained in each chapter some are purely theoretical others are complemented by original pieces of empirical research The editors and contributors are from different countries another way in which the diversity of this book manifests itself The variety of the frameworks presented are seen as a strength as building on established strengths elsewhere to feed into relationship research and enhance its vitality Each chapter makes its own contribution to thinking and research about personal relationships As a group they add to an exciting collection that not only reflects a richness of conceptual backing but also a wide range of usable theoretical structures

Theoretical Frameworks for Personal Relationships Ralph Erber, Robin Gilmour, 2013-06-17 The past two decades have seen a tremendous increase in research and scholarship devoted to personal relationships From rather scattered beginnings a recognizable and recognized field has emerged whose strength and health is reflected in a wide array of indicators The editors contend that while the vigor of the field is often shown in the diversity and innovation of its research it is in the theoretical domain that they find evidence of a real coming of age This volume provides grounds for arguing that the diversity of theorizing is particularly healthy at this point The reader will notice that there is some diversity in terms of how

much theory and research is contained in each chapter some are purely theoretical others are complemented by original pieces of empirical research The editors and contributors are from different countries another way in which the diversity of this book manifests itself The variety of the frameworks presented are seen as a strength as building on established strengths elsewhere to feed into relationship research and enhance its vitality Each chapter makes its own contribution to thinking and research about personal relationships As a group they add to an exciting collection that not only reflects a richness of conceptual backing but also a wide range of usable theoretical structures

Interpersonal Relationships and the Self-Concept Brent A. Mattingly, Kevin P. McIntyre, Gary W. Lewandowski, Jr., 2020-05-20 This volume provides an overview of the theoretical and empirical work on relationship induced self concept change that has occurred over the last 10 15 years The chapters in this volume discuss the foundations of relationship self change how and when it occurs how it influences relationship decisions and behavior and how it informs and modifies subsequent knowledge structures all examined over the course of the relationship cycle i e initiation maintenance and dissolution Additionally this volume identifies novel applications and extensions of the relationship self change literature including applications to health and behavior intergroup relations and the workplace Among the topics discussed Self disclosure in the acquaintance process Commitment readiness Bolstering attachment security through close relationships Self concept clarity and self change The role of social support in promoting self development Relationship dissolution and self concept change Intergroup and sociocultural factors of self expansion Self concept change at work Measurement of relationship induced self concept change

Interpersonal Relationships and the Self Concept serves both as a comprehensive overview of the existing empirical research as well as a roadmap for future research on self change including a discussion of emerging theoretical frameworks It will interest researchers focusing on romantic relationships self and identity and the intersection of self and relationships spanning the disciplines of psychology sociology communication and family studies

Handbook of Personal Relationships Steve Duck, 1988-05-25 Here is the first comprehensive volume in a field that has grown exponentially in the last ten years The handbook is organized across disciplines to reflect the nature of the field and has a broad range of appeal to a variety of teachers and researchers

Advances in Personal Relationships, 1994 A research annual

Intimate Relationships and How to Improve Them Luciano L'Abate, Piero DeGiacomo, 2003-04-30 This volume intergrates one contextual developmental and relational theory of personality socialization in the family and other settings with a complementary model of relational styles Both the theory and the model share complementary characteristics of replicable operations in laboratory evaluation and in preventative and psychotherapeutic interventions in problems with intimate relationships Further both the theory and the model are linked to two major models of personality and intimate relationships the circumplex and attachment respectively The theory s 15 models are derived from a variety of social psychological sources including the social comparison model and resource exchange theory in social psychology The complementary model Elementary Pragmatic owes its origins to

communication and systems theories going beyond them in specificity and applications Scholars and researchers looking for novel and original ideas demonstrating how to link theory with practice and evaluation with interventions will find this volume of interest Consumer Behavior II: Possessions, brands and the self Margaret K. Hogg,2006 **Personal Relationships** Steve Duck,Robin Gilmour,1981 *The Effects of Traumatic Experiences on Women's Interpersonal Relationships* Miriam B. Weiner,1998 **Personal Relationships** ,1981 Current Directions in Human Sexuality and Intimate Relationship Terri D. Fisher,James McNulty,2010 These timely cutting edge articles allow instructors to bring their students real world perspective from a reliable source about today s most current and pressing issues in human sexuality

A Social Impact Theory Framework for Examining Influence in Computer-mediated Communication Michael D. Miller,2004 **Interpersonal Relationships** Elizabeth Arnold,Kathleen Underman Boggs,2007 2007 AJN Book of the Year With practical guidance for effective interactions with clients colleagues and families *Interpersonal Relationships Professional Communication Skills for Nurses 5th Edition* is the definitive source on communication skills for nurses The book combines proven communication strategies and nursing principles with psychology and related theoretical frameworks Plus the text includes numerous experiential exercises to critically evaluate their communication skills as well as those of others **Personal Relationships: Studying personal relationships** Steve Duck,Robin Gilmour,1981 **Theories of Love Development, Maintenance, and Dissolution** Oliver C. S. Tzeng,1992-06-30 Love presents itself as a complex multidimensional phenomenon that has been considered one of the most intense and powerful of all human emotions This book is a comprehensive compilation analysis and evaluation of existing views and theories about love development maintenance and dissolution Part I introduces a proposed psychosemantic paradigm and its two love specific models as a common theoretical framework for evaluating the major theories regarding love and intimate relationships Part II presents 21 love formation and development theories organized under seven paradigms for evaluation personality attribution introspective approach psychophysiology behavioral reinforcement comparative cognitive judgment psychometric development and structural components Part III presents theories of love maintenance and conflict a family system paradigm and its member approaches love and marriage dissolution and theological perspectives on human love and intimate relations Part IV introduces a common methodological framework for generating a summative evaluation in terms of major strengths and weaknesses of contemporary love theorizations It also suggests future directions for developing love studies as a comprehensive multidisciplinary scientific discipline **S.A.M. Advanced Management Journal** Society for Advancement of Management,2001 Prosocial Motives, Emotions, and Behavior Mario Mikulincer,Phillip R. Shaver,2010 This book is a comprehensive examination of the influences of genes personality past social experiences social and cultural identities and contextual factors on human prosocial behavior **Personal Relationships During Adolescence** Raymond Montemayor,Gerald R. Adams,Thomas P. Gullotta,1994-04-29 Educators will find much useful information in Personal

Relationships During Adolescence It offers insights for program and curriculum planning and suggests numerous topics for stimulating discussions with teens It also raises provocative issues about how the developmental needs of youth can be served more effectively by families communities and educators Family Life Educator Personal relationships During Adolescence marks the launching of adolescent personal relationships as a field Rather than a cohesive or exhaustive book this book is a collection of high quality chapters The book holds the potential to define personal relations as an integrated line of study that serves to develop theory and research beyond contextual boundaries Journal of Marriage and the Family The contributors to Personal Relationships During Adolescence analyze the ways in which critical interpersonal bonds are forged and maintained by presenting the current works of leading scholars and professionals The relationships discussed are as diverse as the distinguished authors studying them The parent teen connection the impact of cultural diversity on teens social development same sex friends as well as opposite sex friends during adolescence heterosexual bisexual gay and lesbian romantic relationships adolescent crowds or cliques and relationships involving non kin adults The authors also explore conceptual issues that cut across relationships and the problem of integrating the views of both individuals in a relationship Researchers and students in the areas of adolescence close relationships social and personality development and family relationships will find this a must read book

The Relationship Between Health Motivation, Health Behavior, and Health Status in Youths with Insulin Dependent Diabetes Mellitus Vicki R. Voskuil,1994
