**A Theology Primer** Robert Cummings Neville,1991-10-02      **Theology Primer** John Jefferson Davis,1981      *A Primer for Christian Doctrine* Jonathan R. Wilson,2005-05-02 Penned by a Christian teacher who has led thousands of students through the unfamiliar terrain of systematic theology *A Primer for Christian Doctrine* serves as a friendly guide to theology s topics debates and terminology Telling you what you need to know as you begin your study of theology or doctrine the book is an ideal companion to more comprehensive texts After a brief introduction defending the continued need for doctrine Jonathan Wilson clearly and concisely maps out each of the main topics of Christian belief in separate chapters He also traces the differing emphases of theologians while suggesting reasons for their differences Whether as a first taste of theology or as a readable summary of its present state Wilson s *Primer for Christian Doctrine* will be an invaluable resource for students and small groups pursuing a deeper knowledge of what Christians believe      *Living Blessedly Forever: A Systematic Theology Primer* Win Groseclose,2014-11-11 Designed to be an introduction into the study of Systematic Theology this book is meant to provide students with a vocabulary and intellectual framework upon which they can continue to build with future studies It is written with a broad evangelical focus and with the conviction that the more we understand what we do believe as well as what someone from a different theological background believes the healthier the conversation      **The Milk of the Word** Robert P. Baker,2006-02 Although Dr Baker has desired to write *The Milk of the Word* for close to thirty years it is not until recently that the Holy Spirit has given him the go ahead to fulfill his desire Although the book is aimed at helping new Christians understand some of the basic doctrinal concepts of the Christian faith questions asked Dr Baker over the years have shown that even long time Christians will find this book interesting and informative The book starts out by examining logically historically scientifically prophetically and with respect to its self accreditation why the Bible is a trustworthy and inerrant source of information concerning the Creator of the Universe and His relationship to all of us Having once established the credibility of Scripture Dr Baker uses Scripture as the foundation for the remainder of the book frequently referencing and in many cases quoting Scripture to support the information presented Chapters 2 through 5 are concerned with the creation of man and how he is different from the animals birds and sea creatures created by God They explore the nature of God and explain in a simple straight forward manner the concept of the Trinity They explain the nature of the God Man Jesus Christ emphasizing how He is similar to all of us and showing how He is distinctly different from all other men making Him the one and only answer to the sin predicament of mankind Finally these chapters tell about the creation of angels demons and Satan describe the spiritual appearance of these beings and explain the positions they hold in the universe and their activities Chapters 6 through 7 explain the process of human death and describe at length what each of us can expect to experience at our death The same type of information is provided for our eternal future existence including how our death experience will be different from the experience of those who died before Jesus Christ returned to

His Father in Heaven These chapters also explain clearly the sin predicament of mankind its significance and why only through Jesus Christ could the solution to that sin predicament be provided Chapter 8 discusses why Christians often find Christianity to be a burden and miss out on the abundant life that Jesus Christ came to provide for them not only an abundant life eternally existent into the future but an abundant life here and now It examines the resources Je [Ultimate Questions](#) Clyde F. Crews,1986 An introduction to theology that explores secular and religious answers to the primal questions about who we are and what we shall be **A Practical Primer on Theological Method** Glenn R. Markey,2018 What is the meaning of life Entering this into an internet search engine will yield millions of results that reflect centuries of thinking on this question With so many competing claims about the meaning of existence how can a person sort through the responses In Making Sense of Mystery A Primer on Theological Thinking John Markey offers a concise introduction to the human experience of mystery including the nature of belief and doubt the role of tradition and authority diverse forms of knowledge including through art and the process of human transformation that results from these exercises and experiences Rooted in the Christian tradition this book lays the groundwork for theological thinking not just learning theological concepts and invites readers to reflect on their own understandings of mystery and meaning With a glossary review and discussion questions real world connections and chapters on the discipline of theology Making Sense of Mystery is a perfect primer for the modern classroom [A Theology Primer](#) North Park College and Theological Seminary. Office of Seminary Admissions,1991\* *Living Blessedly Forever* Win Groseclose,2015-01-22 This is a primer on Systematic Theology designed to introduce the student or the general reader to the vocabulary necessary to understand a deeper study of theology to follow Originally designed as a textbook for Advanced High School Seniors or Bible College Students this should be accessible to all who are interested in the topic Covers seven Loci of Systematics Prolegomena Theology Proper Anthropology Christology Soteriology Ecclesiology and Eschatology along with a chapter on Symbolics the study of the Creeds [Ernst Troeltsch and Comparative Theology](#) Echol Lee Nix,2010 Ernst Troeltsch and Comparative Theology examines the methodological attempts of Ernst Troeltsch and

Robert Neville for discerning Christian normativity The investigation of Troeltsch focuses on his treatment of the absoluteness of Christianity and highlights the crisis brought upon absolute religious claims by the study of the history of religions By rejecting both the supernatural exclusive apologetic of orthodox Protestantism and the evolutionary apologetic of liberal Protestantism Troeltsch insists that theology's method should be the history of religions method die religionsgeschichtliche Methode Like Troeltsch Neville agrees with historical inquiries but contrary to Troeltsch Neville advances an axiological hypothesis to thinking which is founded in valuation Neville explains the role of valuation at the imaginative level of thinking and relates it to his theory of normative truth in religious symbols This study shows that Neville begins with Troeltsch's methodological presuppositions but achieves more normative theology than Troeltsch especially on ways in which God is engaged in symbolically shaped thinking and practice Both thinkers offer creative insights for theology that make possible a critical comparison of truth claims regarding the validity of Christianity in and for a historically conscious age

**The Making of American Liberal Theology** Gary J. Dorrien, 2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom

Systematic Theology Primer Dr Kenneth Raymond Terry, 2020-05-19 Who is God and what has He said There have been many books written to explain and help bring a greater understanding of God however we quickly find the Subject overwhelming and beyond our human capability or reasoning God is higher and greater than we are His thoughts are higher than our thoughts cf Isaiah 55 9 There are many great books on Theology and Systematic Theologies most of which are thousands of pages and even many volumes in length but noticeably this work is much shorter and that is purposefully done This Systematic Theology is called a primer because it is intended to be more an introduction and fodder to prepare a student for the greater and larger works of theology This book is for the individual who desires to get a start on understanding theology in a systematic way

*A Primer in Christian Doctrine* Derrill L. Roberts, 2014-02 A Primer in Christian Doctrine goes far beyond the reach of a simple book on Christian theology it is rich with instruction inspiration and thought provoking insight into the Word of God and the Christian faith Accomplished author Derrill L Roberts meets four key goals in this crucial work defining God's work with man throughout the ages identifying the focal points of God's work within mankind

confirming God's goals for man's existence and explaining how the teachings of the Bible support and accomplish those goals for mankind. Whether the reader is looking for an in-depth examination of fundamental Christian teachings and principles or just a basic introduction to Christian theology, *A Primer in Christian Doctrine* will not disappoint. **God the Creator** Robert Cummings Neville, 1992-02-13. *God the Creator* provides a detailed exposition of a conception of God as the creator of everything determinate. It does not defend an established conception such as the Thomist, the Calvinist, or the Process theological idea but rather elaborates the ancient theme of creation ex nihilo in a new form appropriate to the contemporary world. Part one is a rigorous philosophical development of the idea of God as creator ex nihilo, arguing that an adequate solution to the problem of the one and the many demands such a conception. This part includes a dialectical examination of contemporary and classical theories of being. Part two asks how one can have knowledge of the kind of God described previously; it deals with experience, analogy, and dialectic. Part three applies the conception developed in part one to fundamental religious conceptions such as the object of worship, the nature of religion, and the practices of private and public religious life. It presents theories arising from the conception of creation ex nihilo for the interpretation of religious concern: conversion, faith, certainty, solitude, bliss, service, liturgy, providence, evangelism, dedication, reconciliation, brotherhood, discipline, the integration of public and private religion relative to other dimensions of life, freedom, love, and glory. Though the language arises from the Christian tradition and expresses an orthodox strand of that religion, the argument weaves throughout the concerns of many world religions. **Interpreting** Neville J. Harley Chapman, Nancy Frankenberry, Nancy K. Frankenberry, 1999-05-13. Distinguished scholars provide the first book-length consideration of the work of philosopher and theologian Robert Cummings Neville, including a response from Neville himself. **Apostolic Youth Theology Primer** James Hogsten, 2014-07-21. *The Apostolic Youth Theology Primer* is a small three-volume study that explores primary areas of doctrine related to the Apostolic Message of the Mighty God in Christ. This series is designed to be used for High School seniors or college Freshman. **New Institutes** D. C. Weiser, 2019-05-20. *New Institutes* denies that science and moral consciousness are incompatible or in conflict with their basic assumptions or respective disciplinary domains. Written in a simple discursive style that is a pleasure to read, Weiser reinterprets three key concepts: faith, death, and resurrection to arrive at practical insights about America and religion, morality, and science, ecology, and economics, history, and ethics. This slim primer reassesses nine classic arguments for God's existence. Appendix I reconciles and harmonizes the sister religions of Judaism, Christianity, and Islam with new-age spirituality and takes seriously the secular eschatology of theologian Dietrich Bonhoeffer. Weiser offers a refreshing interpretation of atheism, gods and goddesses, Calvinism, Jesus' mission, intelligent design, Christian ethics, science, and religion, corporations, and capitalism, ecology, and economy. Weiser also provides readers the basic tools of logic and epistemology with a view to exercising responsible citizenship. Appendix II, *Avoiding polemics and technical jargon*, this unique work clears the air of cant and drivel, consigning the evangelical bunk of Pat Robertson and Jack

Van Impe of religionist and anti religionist alike to the flames New Institutes is truly what it declares itself to be A Primer of Practical Theology for Twenty First Century America *Covenant Theology: A Primer: 2nd Edition* Jj Lim,2019-03-07 Most Christians know that the Bible mentions covenants The Hebrew word that is translated Covenant occurs 284 times in the Old Testament eg Gen 9 9 17 7 Dt 7 9 Ps 25 14 etc The Greek word occurs 33 times in the New Testament eg Lk 22 20 Heb 12 24 13 20 etc But very few know the significance of these words and why they occur all over the Scriptures The result of this ignorance carries grave consequences for the understanding and development of Christian Doctrine the manner of Christian Life and the functioning of Christian Churches Arguably it also has international consequences It is with this in mind that this primer is offered as an introduction to the subject that peradventure some may be provoked to think about their Christianity and others may be encouraged to study the subject more intensely
