addresses practical strategies for creating connected seamless and transparent health care for patients in settings outside of the hospital. It presents antidotes to healthcare fragmentation caused by inefficient care, patient safety problems, patient dissatisfaction, and higher costs. The text focuses on clinical case management, interdisciplinary referrals, and conferencing, cross-functional team meetings, tracking patients in value-based purchasing programs, inpatient liaison visits, structured collaboration with physician groups and referral sources, and development of clinical community networking groups. Further, it explores tools for patient self-management support, effective integration of technology, family caregiver engagement, and techniques for addressing health disparities and other high-risk care gaps.

Understanding the Australian Health Care System Louise Reynolds, Deborah Debono, Joanne Travaglia, 2023-10-01
A sound understanding of Australia's complex health system is essential for all health professionals who work and collaborate with others in delivering health care. The fifth edition of *Understanding the Australian Health Care System* provides a comprehensive and accessible overview of the structure of the health system, its various functions, and the various roles within it. Logically structured and easy to follow, the resource covers aspects of health system structure and function, health insurance, the PBS, complementary and alternate medicine, current governmental and legislative changes, and comparison to other high-income countries. This overview places into context the 12 health professions and their roles, emphasizing the importance of interprofessional practice. Fully updated to reflect current policy trends and environment, and how these impact on the health care system, practitioners, and consumers, this book is an excellent resource for those undertaking health and medical undergraduate and postgraduate courses. Updated to reflect current policy and health environment, it explores the roles of 12 health professions with a focus on interprofessional practice. Case studies and accompanying video interviews with practitioners and thought leaders bring theory to life. Test Bank to support learning. Full range of instructor resources on Evolve, Student resources on Evolve, Discipline-specific case studies, 11 video interviews, and transcripts. Instructor resources on Evolve, PowerPoints, Tutorial Planner, Test Bank. Greater emphasis on interprofessional practice. Considerations of the impact of the SARS-CoV-2 pandemic on health care delivery and workforce. New section on aged care considering the Royal Commission into Aged Care Quality and Safety. New chapter on social work. Includes changing scope of practice of nurse practitioners, podiatry, and occupational therapy. New sections on the regulation of paramedics with the introduction of the Ahpra Paramedicine Board of Australia registration.
