Spanish Subjunctive In Context:

Spanish Subjunctive in Context Gunnar Anderson, Patricia Vilches Bustamante, 1995 *Spanish Subjunctive in Context* is a new type of subjunctive resource manual. It aims to provide the essential ingredient missing in traditional grammar explorations and isolated single sentence examples: the full context of the situation. The subjunctive is presented in a clear and methodical way using full length Spanish comic strips where the full context that generates the subjunctive can be seen.

Spanish and Portuguese in Social Context John J. Bergen, Garland D. Bills, 1983 *Mutual Influence in Situations of Spanish Language Contact in the Americas* Mark Waltermire, Kathryn Bove, 2022-12-22 *Mutual Influence in Situations of Spanish Language Contact in the Americas* focuses on the structural results of contact between Spanish and Maya Quechua Guaran Portuguese and English in the Americas. This edited volume explores the various ways in which these languages affect the linguistic structure of Spanish in situations of language contact and also how Spanish impacts their linguistic structure. Across ten chapters this book offers a broad survey of bidirectional influence in Spanish contact situations both geographically in the US Southwest the Yucatán Peninsula the Andean regions of Ecuador and Peru and the Southern Cone and structurally in the areas of phonetics phonology morphosyntax semantics and pragmatics. By examining the potential structural effects that two languages have on one another it provides a novel and more holistic perspective on mutual linguistic influence than that of previous work on language contact. The volume serves as a reference on mutual influence in bilingual language varieties and will be of interest to researchers scholars and graduate students in Hispanic linguistics and more broadly in language contact.

Current Trends in the Pragmatics of Spanish Rosina Márquez-Reiter, María Elena Placencia, 2004 *Current Trends in the Pragmatics of Spanish* provides the reader with a representative spectrum of current research in the most dynamic areas of the pragmatics of Spanish. It brings together a collection of academic essays written by well established as well as emerging voices in Hispanic pragmatics. The essays include applications of pragmatic concepts to sub fields of Spanish linguistics i.e. pragmatics and grammar pragmatics and applied linguistics pragmatics and cross and inter cultural communication studies of traditional topics in pragmatics i.e. discourse markers politeness metaphor humour as well as a proposal to amalgamate the dominant pragmatic approaches namely socio pragmatics and cognitive pragmatics into one comprehensive model. The essays in this collection represent both new theoretical and empirical research and as such they constitute a valuable contribution to the field of pragmatics in general and an essential reference to those researching the pragmatics of Spanish.

[Spanish in Chicago](#) Kim Potowski, Lourdes Torres, 2023 *Spanish in Chicago* is the first book length study of Spanish in Chicago where populations originating in both Mexico and Puerto Rico have lived in contact for generations and Latinos now comprise nearly a third of the population. Identifying Chicago as a rich site for examining language and dialect contact at both community and family levels Kim Potowski and Lourdes Torres describe the spoken Spanish of Chicago analyzing patterns of language change and identity constructions and establishing their likely causes.

Drawing on interviews with 124 individuals across three generations of Mexican Puerto Rican and MexiRican Chicagoans Potowski and Torres trace the effects of language and dialect contact through close sociolinguistic analysis of lexicon discourse markers codeswitching the subjunctive and phonology Their analysis uniquely examines these features across three generations of speakers and two different regional origins within the same corpus By including MexiRicans as a category the book not only assesses the dynamics of linguistic convergence dialect leveling accommodation and language loss but also the concept of intrafamiliar dialect contact pioneered by Potowski Contextualizing these language changes within the history of Latino communities in Chicago Spanish in Chicago provides a nuanced picture of a minority language in a major US city and a vital contribution to sociolinguistics and Latino studies
