The Cultural Approach To History:

The Cultural Approach to History Caroline F. Ware, 1974 **The Cultural Approach to History** American Historical Association, 1965 **The Cultural Approach to History** Caroline F. Ware, 2020-05-08 The volume written by the renowned historian Caroline F. Ware investigates the impact that changes in society and culture that can influence the writing of history and the way in which the past is evaluated As Louis Adamic has pointed out it is to Ellis Island rather than to Plymouth Rock that a great part of the American people trace their history in America More people have died in industrial accidents than in subduing the wilderness and fighting the Revolution It is these people rather than the frontiersmen who constitute the real historical background and the heroic tradition of the mass of urban Americans The attempt to write American history from the bottom up started a generation ago with the study of the frontier it has recently extended into the study of local communities and culturally homogeneous regions In the still unexplored history of the non dominant cultural groups of the industrial cities lies the story of an emerging industrial culture that represents the dynamic cultural frontier of modern America **The Cultural Approach to History. [By Various Authors.] Edited ... by Caroline F. Ware** American Historical Association, Caroline Farrar WARE, 1940 **The Cultural Turn in U. S. History** James W. Cook, Lawrence B. Glickman, Michael O'Malley, 2012-06-12 A definitive account of one of the most dominant trends in recent historical writing The Cultural Turn in U S History takes stock of the field at the same time as it showcases exemplars of its practice The first of this volume s three distinct sections offers a comprehensive genealogy of American cultural history tracing its multifaceted origins defining debates and intersections with adjacent fields The second section comprises previously unpublished essays by a distinguished roster of contributors who illuminate the discipline s rich potential by plumbing topics that range from nineteenth century anxieties about greenback dollars to confidence games in 1920s Harlem from Shirley Temple s career to the story of a Chicano community in San Diego that created a public park under a local freeway Featuring an equally wide ranging selection of pieces that meditate on the future of the field the final section explores such subjects as the different strains of cultural history its relationships with arenas from mass entertainment to public policy and the ways it has been shaped by catastrophe Taken together these essays represent a watershed moment in the life of a discipline harnessing its vitality to offer a glimpse of the shape it will take in years to come **Recent Themes in Military History** Donald A. Yerxa, 2008 Described as the New York Review of Books for history Historically Speaking has emerged as one of the most distinctive historical publications in recent years actively seeking out contributions from a pantheon of leading voices in historical discourse from both inside and outside academia Recent Themes in Military History represents some of the best writing on military history to appear in the past five years This collection of forums interviews and individual essays drawn from Historically Speaking provides contrasting views on such topics in military history as the existence and function of military revolutions in the past and present the experience of soldiering and combat the particularly violent and gruesome

nature of twentieth century warfare and projections of the nature of future wars The ebb and flow of discourse between contributors also illustrates how the study of history is an ongoing conversation wherein discovery and debate lead to deeper understanding and development of fresh opportunities for further inquiry *The Bloomsbury Reader in Cultural Approaches to the Study of Religion* Sarah J. Bloesch, M. Cooper Minister, 2018-08-23 This is the first reader to gather primary sources from influential theorists of the late 20th and early 21st centuries in one place presenting the wide ranging and nuanced theoretical debates occurring in the field of religious studies Each chapter focuses on a major theorist and contains an introduction contextualizing their key ideas one or two selections representative of the theorist s innovative methodological approaches discussion questions to extend and deepen reader engagement Divided in three sections the first part includes foundational comparative debates Mary Douglas s articulation of purity and impurity Phyllis Tribble s methods of reading sacred texts Wendy Doniger s comparative mythology Catherine Bell s reimagining of religious and secular ritual The second part focuses on methodological particularity Alice Walker s use of narrative Charles Long s critique of Eurocentricism Caroline Walker Bynum s emphasis on gender and materiality The third section focuses on expanding boundaries Gloria Anzald a s work on borders and languages Judith Butler s critique of gender and sex norms Saba Mahmood s expansion on the critique of colonialism s secularizing demands Reflecting the cultural turn and extending the existing canon this is the anthology instructors have been waiting for For further detail on the theorists discussed please consult *Cultural Approaches to Studying Religion An Introduction to Theories and Methods* edited by Sarah J Bloesch and Meredith Minister

A World History Daniel Roselle, 1969 **General View of the Historical Development of Human Societies. Monograph. Философия истории. Географическая школа в социологии** Mamanov Abdurahim, 2024-06-26 Following the emergence of Marx s foundational theory regarding the historical progression of humanity there arose a widespread disillusionment with overarching theoretical frameworks Consequently scholarly attention shifted predominantly towards localized and regional issues However it is imperative for historians to possess a comprehensive understanding of the broader trajectory of societal development lacking such insight is akin to a sailor navigating the seas without a compass

Labor , 2004 *Cultural Approaches to Studying Religion* Sarah J. Bloesch, Meredith Minister, 2019 This is the first book to provide an introduction to contemporary cultural approaches to the study of religion This book makes sophisticated ideas accessible at an introductory level and examines the analytic tools of scholars in religious studies as well as in related disciplines that have shaped the field including anthropology history literature and critical studies in race sexuality and gender Each chapter is written by a leading scholar and includes the biographical and historical context of each theorist their approaches and key writings analysis and evaluation of each theory suggested further reading Part One Comparative Approaches considers how major features such as taboo texts myths and ritual work across religious traditions by exploring the work of Mary Douglas Phyllis Tribble Wendy Doniger and Catherine Bell Part Two Examining Particularities analyzes the

comparative approach through the work of Alice Walker Charles Long and Caroline Walker Bynum who all suggest that the specifics of race body place and time must be considered Part Three Expanding Boundaries examines Gloria Anzald a s language of religion as well as the work of Judith Butler on performative queer theories of religion and concludes with Saba Mahmood whose work considers postcolonial religious encounters secularism and the relationship between East and West Reflecting the cultural turn and challenging the existing canon this is the anthology instructors have been waiting for For primary texts by the theorists discussed please consult The Bloomsbury Reader in Cultural Approaches to the Study of Religion edited by Sarah J Bloesch and Meredith Minister
