## **Video Game Art:**

Game Art Matt Sainsbury,2015-09-01 Game Art is a collection of breathtaking concept art and behind the scenes interviews from videogame developers including major players like Square Enix Bioware and Ubisoft as well as independent but influential studios like Tale of Tales and Compulsion Games Immerse yourself in fantastic artwork and explore the creative thinking behind over 40 console mobile and PC games A lone independent developer on a tiny budget can create an experience as powerful and compelling as a triple A blockbuster built by a team of 1 000 But like all works of art every game begins with a spark of inspiration and a passion to create Let Game Art take you on a visual journey through these beautiful worlds as told by the minds that brought them to life

Drawing Basics and Video Game Art Chris Solarski,2012-09-18 This book supports my own 30 year crusade to demonstrate that games are an art form that undeniably rivals traditional arts It gives detailed explanations of game art techniques and their importance while also highlighting their dependence on artistic aspects of game design and programming John Romero co founder of id Software and CEO of Loot Drop Inc Solarski s methodology here is to show us the artistic techniques that every artist should know and then he transposes them to the realm of video games to show how they should be used to create a far more artful gaming experience if I were an artist planning to do video game work I d have a copy of this on my shelf Marc Mason Comics Waiting Room Video games are not a revolution in art history but an evolution Whether the medium is paper or canvas or a computer screen the artist s challenge is to make something without depth seem like a window into a living breathing world Video game art is no different Drawing Basics and Video Game Art is first to examine the connections between classical art and video games enabling developers to create more expressive and varied emotional experiences in games Artist game designer Chris Solarski gives readers a comprehensive introduction to basic and advanced drawing and design skills light value color anatomy concept development as well as detailed instruction for using these methods to design complex characters worlds and gameplay experiences Artwork by the likes of Michelangelo Titian and Rubens are studied alongside AAA games like BioShock Journey the Mario series and Portal 2 to demonstrate perpetual theories of depth composition movement artistic anatomy and expression Although Drawing Basics and Video Game Art is primarily a practical reference for artists and designers working in the video games industry it s equally accessible for those interested to learn about gaming s future and potential as an artistic medium Also available as an eBook
