Star Trek Novel:

Triangle Myrna Culbreath, Sondra Marshak, 2000-09-22 An unimaginable conflict could cost Kirk's soul or Spock's life. A dark plan has been unleashed in the galaxy, a design so vast only a collective and ruthless mind like the Totality could have conceived it. Now Captain Kirk must battle the seductive force of the Totality's will. It was reasonable that Captain Kirk and Federation Free Agent Sola Than would fall in love. But no reasoning in the universe could have foreseen the tragedy of Spock's own passion for the same woman. Now this unimaginable conflict could cost Captain Kirk his very soul and bring death to the proud Vulcan. But in the unimaginable lies their only chance, and the freedom of the galaxy depends on the outcome of the Triangle.

Star Trek III: The Search for Spock Vonda N. McIntyre, 2000-09-22 No one on the Enterprise can believe that Mr. Spock is gone. As the crew grieves for Mr. Spock, the awesome Genesis Device, now controlled by the Federation, has transformed an inert nebula into a new planet teeming with life. But Genesis can also destroy existing worlds. The creators of the Device want it given freely to the Galaxy. But Starfleet Command fears that it will become a force for evil. And the enemies of the Federation will not rest until they seize it as their most powerful weapon in the battle to conquer the Galaxy.

Star Trek: Discovery: The Way to the Stars Una McCormack, 2019-01-08 An original novel based on the explosive TV series Star Trek Discovery. Despite being an inexperienced Starfleet cadet, Sylvia Tilly became essential to the USS Discovery finding its way back home from the Mirror Universe. But how did she find that courage? From where did she get that steel? Who nurtured that spark of brilliance? The Way to the Stars recounts for fans everywhere the untold story of Tilly's past. It's not easy being sixteen, especially when everyone expects great things from Tilly. It's even harder when her mother and father are Federation luminaries, not to mention pressing her to attend one of the best schools that the Federation has to offer. Tilly wants to achieve great things, even though she hasn't quite worked out how to do that or what it is she wants to do. But this year everything will change for Tilly as she about to embark upon the adventure of a lifetime, an adventure that will take her ever closer to the stars.

[Strange Novel Worlds](#) Caroline-Isabelle Caron, Kristin Noone, 2024-06-18 Since the publication of the first James Blish novelizations of Star Trek episodes in 1967, close to 900 tie-in novels, anthologies, and omnibus editions have been published. Star Trek tie-in novels have had a significant influence on Western popular culture. The works of beloved science fiction authors have shaped the way fans understand Star Trek and its universe, and many stand as near-equal builders of the Star Trek franchise next to Gene Roddenberry, his producers, and the many creators of the later series. With such a vast and varied body of work, tie-in books form a rich and deep cultural phenomenon, the history and content of which are worthy of concerted study. Despite the enduring popularity of the franchise, they are based on no previous essay collection that has ever focused on the numerous and widely diverse books of Star Trek tie-in novels. This collection does just that by examining the tie-in works as relevant literature. The essays primarily focus on tie-in books published from 1990 to 2022 and

each author discusses the plot and context of separate novels while simultaneously exploring major themes such as canon vs fanfiction and merits of the genre The collection ends with an exploration of the continuity of this period of Star Trek as it stands following a narrative conclusion announced in 2021

Home Is the Hunter Dana Kramer Rolls, 2000-09-22 A dispute over a planet and its primitive people leads Captain Kirk and a Klingon Commander to pit their ships against each other in battle But the fight is stopped by a mysterious and powerful alien being named Weyland who decides to punish three Enterprise crewmembers with their own history He places Sulu in feudal Japan during the period s most important and bloody power struggle Scotty in 18th century Scotland on the eve of revolt and Chekov in WWII Russia Now the three time travelers must face overwhelming dangers as they are pulled by conflicting forces their allegiance to their homelands their duty to the Federation they serve and the demands of history
