Make America Christian Again Greg Koehn Ph.D,2023-10-17 Obviously this book finds its title from the slogan created by former president Donald Trump Make America Great Again This book is intended to argue that for America to be great it must be Christian This does not mean that other religions are not welcome as has never been the case in America but rather as a country based upon biblical principles there has always been true freedom of religion The point being that this country was founded upon the teachings of the Bible which is why there is freedom of religion each person is free to choose for themselves either heaven or hell This book is divided into three sections the first one discussing the fact that America was founded as a Christian nation and as such it grew to be the most powerful and prosperous nation on the earth Since departing from the Bible its teachings and its God America is now in a steep decline The second section discusses the 5 main institutions of any society and how that in each case they work better when they follow the teachings and principles of the Bible The final section is what can still be done to turn America back to its roots and back to the Bible As Bible believers we know the time is short and the coming of our Lord to take home His people and to judge the world in His righteousness is indeed imminent But in these last days lest us not be lax in the preaching of the gospel and making a stand for the things that are holy Let us get off of our seats onto our feet and into the streets to be as the prophets of old and declare that thus says the Lord

Make America Central Again Matthew Burdett,2022-01-05 Make America Central Again A Common Sense Third Party Approach To Taking Back Our Country By Matthew Burdett For decades the two party American political system has become outdated With the Democratic and Republican parties deteriorating Matthew Burdett shows us how a strong 3rd party can tackle today s issues Using his knowledge of history and current events Burdett uses examples to show what steps can be taken to achieve a strong alternative to today s failing political landscape

Make America Stronger Together Again Gregory T. Christensen,2018-05-18 Make America Stronger Together Again discusses Hillary Clinton Donald Trump and a presidential campaign from hell but it is so much more than that It s a vision for a better country a more engaged electorate and a return to a level of civility worthy of the country our founding fathers dreamed we could be The book begins by reflecting on the lives of two starkly different political candidates From there it recaps the election of the century putting a historical perspective on the political scandals of the Trump era The second half of the book offers a clear blueprint for America in the future A country where everyone has a place where everyone s voice is heard and where anyone can run for elected office and win

America, Volume B Brief Edition Berkin,1997 **America** Slason Thompson,Hobart C. Taylor,1889 *A Discourse Analysis of the 'Trumpusconi' Phenomenon* Giuseppina Scotto di Carlo,2020-11-24 Is Trump our contemporary Berlusconi In 2015 Frank Bruni coined the term Trumpusconi when the media noticed some similarities between the then US presidential candidate Donald Trump and Italy's former Prime Minister Silvio Berlusconi At that time while many Italians joked about Trump as a d j vu scholars began to analyse these two political outsiders in an attempt to imagine Trump's probable presidency by studying Berlusconi's career Regardless of any political view it is against this background that this work analyses these two political figures through discourse analysis to understand whether their similarities go beyond their personality traits and lifestyles The work is divided into two sections the first part provides some information on Berlusconi and Trump's socio-cultural origins and educational backgrounds their first steps in their real estate careers their progression into the world of media and politics and their relationships with women The second part of the study proposes a discourse analysis performed on a corpus of speeches held by each politician at the beginning of their political career in order to understand whether their personalities and lifestyles are reflected in their idiolects The book partially confirms the media's ideas about the Trumpusconi phenomenon acknowledging some similarities between the two moguls However it also shows that Berlusconi and Trump belong to two different eras even if Berlusconi's lifestyle language scandals and politics will continue to negatively and positively influence Italy for many years to come the era of social media is leading the world towards models that differ from those of his time Western politics is becoming ever more similar to a form of infotainment and Trump is the perfect incarnation of this evolution Only time will reveal his long-term legacy
