MANAGEMENT TODAY revealed that almost half of Britain's managers feel too mentally and physically exhausted to do anything other than work and sleep and nearly a third say their lives are out of control. Around half of the people questioned said they would switch jobs tomorrow for a better quality of life. Is it the way we work today that is causing this phenomenon or are we just not handling our lives as well as we could? THE BALANCING ACT offers the WHY, WHAT, and HOW of getting more balance in our lives. It gets to the root of WHY we're out of balance, drawing on Fiona's own theories and interpretation of psychology, social trends, and observations of the corporate world, and says WHAT we can do about it. With original ideas to inspire us towards a new way of thinking, THE BALANCING ACT suggests HOW we can change our lives in easy steps. Written in a language clearly at one with the fast pace and issues faced at work today, this is a coaching book on how to get more balance in your life, your way, your style, your time.
