The Aztec Skull:

The Aztecs Michael E. Smith, 2013-03-01 The Aztecs brings to life one of the best known indigenous civilizations of the Americas in a vivid comprehensive account of the ancient Aztecs A thorough examination of Aztec origins and civilization including religion science and thought Incorporates the latest archaeological excavations and research into explanations of the Spanish conquest and the continuity of Aztec culture in Central Mexico Expanded coverage includes key topics such as writing music royal tombs and Aztec predictions of the end of the world [The Man Who Invented Aztec Crystal Skulls](#) Jane MacLaren Walsh, Brett Topping, 2018-11-29 Eugene Boban began life in humble circumstances in Paris traveled to the California Gold Rush and later became a recognized authority on pre-Columbian cultures He also invented an entire category of archaeological artifact the Aztec crystal skull By his own admission he successfully palmed off a number of these crystal skulls on the curators of Europe's leading museums How could that happen and who was this man Detailed are the travels self-education and archaeological explorations of Eugene Boban this book also explores the circumstances that allowed him to sell fakes to museums that would remain undetected for over a century

Description of an Ancient Anomalous Skeleton from the Valley of Mexico Aleš Hrdlička, 1899 *Asteroid Answers to Ancient Calendar Mysteries* Herbert B. Stollorz, 2008-07-03 Ancient calendars found around the world are designed to end one point in time They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I discovered it in the Bible's book of Revelation and Daniel's prophecies It is one of the most important dates in the plan of God for all humanity
