Columbus or Marco Polo that he had discovered a world far stranger and vastly more profound than he had ever expected or imagined In Siddhalaya Hawking had the privilege of meeting exceptional men and women introduced to him as masters and adepts possessed of knowledge and power virtually unknown to the Western world In this book you will meet these remarkable people and explore the knowledge they reveal Fragments of the material presented in this volume have at various times through the millennia appeared in arcane mystical texts in the more profound Eastern philosophies and in the secret wisdom traditions of various ages This is to be expected the knowledge that conveys true power has an ancient origin In modern times splinters of this knowledge have resurfaced in various formats although unfortunately absent both the most fundamental as well as the most advanced elements of the wisdom and knowledge of the supreme masters You are invited to take an amazing journey through both space and time ranging from the remote ice peaks of the Himalayan Mountains to the highlands of Tibet and far back through the ages to the mystic landscapes of ancient civilizations Magical entertaining and richly enlightening this book will resound in your heart and mind long after the last words have been read A must read for anyone on a spiritual path or seeking greater knowledge and personal power 2026 Edition e reader page count 1285 estimated actual page count varies depending on the reading device used [Subject Guide to Books in Print](#) ,1983
