Genius,Jennifer L. M. Gunn,2023-05 Building a life is an epic journey one where you figure out who you are what you love and how you want to live your life The Life Builder Journal leads you through the process of choosing a life and career path with activities to help uncover your talents interests and skills The 9 Step MUG Method for Next Gen Skills unlocks possibilities through deep self discovery career exploration and the development of essential skills for your professional life Through the activities exercises stories and linked videos in this book you can tap into your ambition and motivation to uncover your passion and purpose Real talk this journal is stacked Develop a support network strengthen your resilience curiosity and creativity and then lay out a seriously doable vision for your future All this while digging into who you really are to design your best life Like we said epic Teens and young people you re asked this question a lot What do you want to be when you grow up Maybe you feel pressured to figure it out Maybe you don t know where to begin or perhaps you feel a bit overwhelmed by it all Hey that s actually totally OK Figuring out your life is kind of a big deal The thing is it actually takes time and the right tools This journal is that tool The Life Builder Journal is also dripping with wisdom from diverse professionals who share their stories to support you along the way Create your own talent print build a portfolio design a vision board and even make a road map for your life Follow the breadcrumbs and possibilities and see where it all leads Let yourself grow learn and be inspired Ready You ve totally got this **Living Your Dream** Adriano Maciel,2019-12-02 Close your eyes for a minute and imagine what it would mean to know your purpose in life Knowing exactly what you need to do and where you need to go Wouldn t it be the kind of knowledge that propels you forward in life Makes you jump out of bed in the morning Everybody even if they don t accept it consciously has a vision of what their life would look like in the future Most people don t take any effort to change or improve this vision in any way and as expected they lose control of it and it goes into the hands of others Their vision bows down to small daily whims and volatile trends never settling in one place Years go by and the person achieves nothing of significance because they never had a strong vision of what they wanted The lesson Without a clear and precise vision of exactly what it is you want you ll never reach it or have it Believe it or not you have chosen the life you live right now If you are unhappy with it and blame others for your current conditions then the fact is that you have given them the power to control your life with your own hands through neglect Everybody ends up somewhere in life A few people end up somewhere on purpose Those are the ones with vision Life will give you whatever you

ask of it but you have to be particular about what you ask If you don't ask for anything it won't give you anything The more clearly focused we are on exactly what we want the easier and faster we'll manifest everything we need to make it a physical reality Add a copy to your cart we'll talk about ways you can do that make everything you see in your mind into reality So let's begin
