Yours Faithfully, Bertrand Russell Bertrand Russell, Ray Perkins (Jr.), 2002 Yet Russell was more than a great intellect he was also a political animal From the beginning of his long professional life he emphasized the importance of practice as well as theory He was twice imprisoned by the British government for his political utterances With his razor sharp irony and morally impassioned rhetoric Russell took on the forces of injustice ignorance and cruelty one of his chief weapons was the letter to the editor

Consciousness in the Physical World Torin Andrew Alter, Yujin Nagasawa, 2015 According to Russellian monism an alternative to the familiar theories in the philosophy of mind that combines attractive components of physicalism and dualism matter has intrinsic properties that both constitute consciousness and serve as categorical bases for the dispositional properties described in physics Consciousness in the Physical World collects various works on Russellian monism including historical selections recent classics and new pieces Most chapters are sympathetic with the view but some are skeptical Together they constitute the first book length treatment of the view itself its relationship to other theories its motivations and its problems

Reflections on Russell Chad Trainer, 2022-02-06 The book contributes some original interpretations on the thought of Bertrand Russell 1872 1970 Instead of dwelling on the purely mathematical logic which tends to be the focus of professional philosophers it explores Russell's philosophy especially his philosophy of science and philosophy of religion It features some original interpretations of Bertrand Russell's thoughts and it counters some competing interpretations of his philosophy Russell could be labeled both a probabilist and empiricist albeit with critical qualifications He never left the Pythagorean Platonic worldview entirely behind Russell preferred Spinoza over Locke and believed that many sciences simply beg questions rather than prove philosophic tenets Although Russell rejected spiritualistic metaphysics he was able to identify some value in George Berkeley's philosophy This book shows that Russell developed a philosophy incorporating atheism and spirituality
