

# Talking to a child about death

## Use simple language

Avoid using complex medical terms or euphemisms that may confuse the child.

## Reassure

Reassure the child they are safe. Children may worry that they or a loved one will die too. Validate their worry and let them know how you are taking care of them and yourself.

## Create a Memorial

Helping a child make a memorial provides a space for grieving and remembering their person.

## Be Honest

Children can sense when something is wrong. Explain that the person has died and won't be coming back.

## Embrace Emotions

Children may react in different ways to the death including sadness, anger, or confusion. Allow them to express their emotions and offer support.

## Allow Questions

Children may have a lot of questions about death. Some may feel awkward and difficult to answer. It's okay to tell a child you don't know.

## Seek Support

If you or your child is struggling with the loss seek support from a therapist or a support group.
