A domestic story afterwards ELLIS STICKNEY (Sarah),1836 **The Iron Rule Or, Tyranny in the Household** Arthur T. S.,2023-11-01 The Iron Rule via T S Arthur is in most cases about responsibility and the way movements have effects The story is set a young man named Arthur Sinclair who appears to best care about himself at first wanting to get what is exceptional for himself on the cost of others But as he sees the horrific effects of his movements and thinks about the awful matters that appear to different people he starts offevolved to apprehend how vital ethical conduct is and the way effective preference may be The Iron Rule which says As you deal with others so shall you be treated is explored inside the book The idea at the back of this precept is that what we do has results and that treating others with kindness compassion and admiration can have right effects on us and those around us in the long run Being reminded of how Arthur went from being selfish to being sincere and worrying is a superb manner to don t forget how private boom can trade human beings and the way critical it s miles to stay via moral standards The book forces readers to reflect onconsideration on how their actions affect other people and forces them to live more morally and responsibly
