Reyna, 2016-08-01 As US imperialism continues to dictate foreign policy Deadly Contradictions is a compelling account of the American empire Stephen P Reyna argues that contemporary forms of violence exercised by American elites in the colonies client state and regions of interest have deferred imperial problems but not without raising their own set of deadly contradictions This book can be read many ways as a polemic against geopolitics as a classic social anthropological text or as a seminal analysis of twenty four US global wars during the Cold War and post Cold War eras **Selected Writings of Jose Ma. Sison, 1991-2009: For justice, socialism and peace** Jose Maria Sison, 2009 **Foucault and the Iranian Revolution** Janet Afary, Kevin B. Anderson, 2010-07-15 In 1978 as the protests against the Shah of Iran reached their zenith philosopher Michel Foucault was working as a special correspondent for Corriere della Sera and le Nouvel Observateur During his little known stint as a journalist Foucault traveled to Iran met with leaders like Ayatollah Khomeini and wrote a series of articles on the revolution Foucault and the Iranian Revolution is the first book length analysis of these essays on Iran the majority of which have never before appeared in English Accompanying the analysis are annotated translations of the Iran writings in their entirety and the at times blistering responses from such contemporaneous critics as Middle East scholar Maxime Rodinson as well as comments on the revolution by feminist philosopher Simone de Beauvoir In this important and controversial account Janet Afary and Kevin B Anderson illuminate Foucault s support of the Islamist movement They also show how Foucault s experiences in Iran contributed to a turning point in his thought influencing his ideas on the Enlightenment homosexuality and his search for political spirituality Foucault and the Iranian Revolution informs current discussion on the divisions that have reemerged among Western intellectuals over the response to radical Islamism after September 11 Foucault s provocative writings are thus essential for understanding the history and the future of the West s relationship with Iran and more generally to political Islam In their examination of these journalistic pieces Afary and Anderson offer a surprising glimpse into the mind of a celebrated thinker **Drugs, Deviancy and Democracy in Iran** Janne Bjerre Christensen, 2011-09-30 In the aftermath of the Iranian Revolution the government of the Islamic Republic initiated a stringent anti drug campaign that included fining addicts imprisonment physical punishment and even the death penalty Despite these measures drug use was and is still commonplace Based on her most recent fieldwork Janne Bjerre Christensen explores the mounting problems of drug use in Iran how treatment became legalized in 1998 how local NGOs offer methadone treatment in Tehran and face continuous political challenges in doing so and how drug use is critically discussed in Iranian media and cinema Drugs Deviancy and Democracy in Iran is thus a unique account of Iran s recent social and

political history drawing important conclusions about the complexity of state power and the growing impact of civil society vital for all those interested in Iran's history politics and society *Iran's Foreign Policy Since 1990* Adam Tarock,1999

Daily Report ,1995-07-20 *The Iranian Revolution* Gholam R. Afkhami,1985 This epic biography a gripping insider's account is a long overdue chronicle of the life and times of Mohammad Reza Shah who ruled from 1941 to 1979 as the last Iranian monarch Gholam Reza Afkhami uses his unparalleled access to a large number of individuals including high ranking figures in the shah's regime members of his family and members of the opposition to depict the unfolding of the shah's life against the forces and events that shaped the development of modern Iran The first major biography of the Shah in twenty five years this richly detailed account provides a radically new perspective on key events in Iranian history including the 1979 revolution U S Iran relations and Iran's nuclear program It also sheds new light on what now drives political and cultural currents in a country at the heart of today's most perplexing geopolitical dilemmas **Logic and Contemporary**

Rhetoric Howard Kahane,1988 This textbook introduces students to logic and contemporary rhetoric particularly as applied to problems encountered in everyday life as well as social and political issues Using examples drawn from sources such as television newspapers advertisements and political speeches Kahane U of Maryland and Cavender College of Marin encourage students to think critically about issues such as abortion diets drugs and astrology A sampling of topics includes deduction and induction fallacious reasoning the manipulation of language evaluating and writing cogent essays and sources of information c Book News Inc *The Constitution of Iran* Asghar Schirazi,1998-12-31 With the recent landslide election

victory of the reformist President Khatami in Iran the relationship between religion and politics in Islam is likely to change dramatically This book is a milestone in our understanding of the ideology and practice of an Islamic state Asghar Schirazi chronicles and analyzes political life in Iran since the revolution showing the gradual transformation of the state from intended theocracy and republic to a hierocracy in which Islam and the shari'a play a subordinate role He thus provides the context for the dramatic debate between reformists and traditionalists in Iran Schirazi addresses the major contradictions inherent in the Iranian constitution between its legalistic and democratic components on the one hand and between the alleged potential of a legally and ideologically interpreted Islam to resolve social problems as against the growing evidence that this Islam is an inadequate legal and political basis for government He charts the gradual replacement of Islamic legalism with a political practice based centrally on the interests of the state and points to a growing crisis of the shari'a that will open the way for possible developments of Islam in the future **Contemporary Rural Iran** Abdolali

Lahsaeizadeh,1993 This book is concerned with following the change in Iranian rural structure as it relates to 1962 Iranian

land reform and the 1979 revolution The most general objective is to explore the essence of class relations in Iran s rural areas for the period between World War II and 1990 **Starry Nights** Stephen P. Reyna,2017-04-01 Starry Nights Critical Structural Realism in Anthropology offers nothing less than a reinventing of the discipline of anthropology In these six essays four published here for the first time Stephen Reyna critiques the postmodern tenets of anthropology while devising a new strategy for conducting research Combative and clear Starry Nights provides an important critique of mainstream anthropology as represented by Geertz and the postmodern legacy and envisions a mode of anthropological research that addresses social cultural and biological questions with techniques that are theoretically rigorous and practically useful
