*Reluctant Sleuths, True Detectives* Jason Jacobs, 2023-02-01 *Reluctant Sleuths True Detectives* examines the detective figure in four noir and neo noir films *Out of the Past* 1947 *Notorious* 1946 *Vertigo* 1958 and *Chinatown* 1974 Exploring the way that these characters each move from an initial state of reluctant passivity to one of passionate engagement with the world around them it questions the cinematic forces required to motivate and move them In its close examinations of each film the book meditates on the detectives hunts and how they interact with the cinematic apparatus that captures and presents them to an audience and it tracks the receptive experience of these films in relation to these questions of motivation and movement *True Detective Stories* Cleveland Moffett, 1897 **True Detectives** William Parkhurst, 1992 True stories from today's real private investigators Vinny Parco Barry Silvers and Jo Ann Kunda are some of the men and women who work the seedy world of betrayal and crime and crack the cases the cops can't handle A closely observed chronicle packed with inside information and colorful characters Kirkus **True Detective and Philosophy** Jacob Graham, Tom Sparrow, 2017-09-05 Investigating the trail of philosophical leads in HBO's chilling True Detective series an elite team of philosophers examine far reaching riddles including human pessimism Rust's anti natalism the problem of evil and the flat circle The first book dedicated to exploring the far reaching philosophical questions behind the darkly complex and Emmy nominated HBO True Detective series Explores in a fun but insightful way the rich philosophical and existential experiences that arise from this gripping show Gives new perspectives on the characters in the series its storylines and its themes by investigating core questions such as Why Life Rather Than Death Cosmic Horror and Hopeful Pessimism the Illusion of Self Noir Tragedy Philosopher Detectives and much much more Draws together an elite team of philosophers to shine new light on why this genre expanding show has inspired such a fervently questioning fan base **Great True Detective Mysteries** Alan Hynd, 1968 **True Detective** Michael Samuel, Scott F. Stoddart, 2017-12-06 Throughout its limited run beginning in 2014 the HBO series True Detective has presented viewers with unique takes on the American crime drama on television marked by literary and cinematic influences heavyweight performances and an experimental approach to the genre At times celebrated and opposed the series has ignited a range of ongoing critical conversations about representations of gender depictions of place and narrative forms True Detective Critical Essays on the HBO Series includes a breadth of scholarly chapters that cross disciplinary boundaries interrogate a range of topics and ultimately promise to further contribute to critical debates surrounding the series *True Detective Stories* Andrew Lewis Drummond, 1909 [A Feeling of Wrongness](#) Joseph Packer, Ethan Stoneman, 2018-11-01 In *A Feeling of Wrongness* Joseph Packer and Ethan Stoneman confront the rhetorical challenge inherent in the concept of pessimism by analyzing how it is represented in an eclectic range of texts on the fringes of popular culture from adult animated cartoons to speculative fiction Packer and Stoneman explore how narratives such as True Detective Rick and Morty Final Fantasy VII Lovecraftian weird fiction and the pop ideology of

transhumanism are better suited to communicate pessimistic affect to their fans than most carefully argued philosophical treatises and polemics They show how these popular nondiscursive texts successfully circumvent the typical defenses against pessimism identified by Peter Wessel Zapffe as distraction isolation anchoring and sublimation They twist genres upend common tropes and disturb conventional narrative structures in a way that catches their audience off guard resulting in belief without cognition a more rhetorically effective form of pessimism than philosophical pessimism While philosophers and polemicists argue for pessimism in accord with the inherently optimistic structures of expressive thought or rhetoric Packer and Stoneman show how popular texts are able to communicate their pessimism in ways that are paradoxically freed from the restrictive tools of optimism A Feeling of Wrongness thus presents uncharted rhetorical possibilities for narrative making visible the rhetorical efficacy of alternate ways and means of persuasion
