The Weekend Reader:

Shakespeare's First Reader Jason Scott-Warren, 2019-10-18 Richard Stonley has all but vanished from history but to his contemporaries he would have been an enviable figure A clerk of the Exchequer for more than four decades under Mary Tudor and Elizabeth I he rose from obscure origins to a life of opulence his job a secure bureaucratic post with a guaranteed income was the kind of which many men dreamed Vast sums of money passed through his hands some of which he used to engage in moneylending and land speculation He also bought books lots of them amassing one of the largest libraries in early modern London In 1597 all of this was brought to a halt when Stonley aged around seventy seven was incarcerated in the Fleet Prison convicted of embezzling the spectacular sum of 13 000 from the Exchequer His property was sold off and an inventory was made of his house on Aldersgate Street This provides our most detailed guide to his lost library By chance we also have three handwritten volumes of accounts in which he earlier itemized his spending on food clothing travel and books It is here that we learn that on June 12 1593 he bought the Venus Adhonay per Shakspere the earliest known record of a purchase of Shakespeare s first publication In *Shakespeare s First Reader* Jason Scott Warren sets Stonley s journals and inventories of goods alongside a wealth of archival evidence to put his life and library back together again He shows how Stonley s books were integral to the material worlds he inhabited and the social networks he formed with communities of merchants printers recusants and spies Through a combination of book history and biography *Shakespeare s First Reader* provides a compelling bio bibliography the story of how one early modern gentleman lived in and through his library
