Truant,2024-05-01 What the New Order Seeks Reginald Must Find The new vampire president and his psychotic right hand man have been playing a dangerous game with the humans over the past six months In the public eye the two races appear to be at peace but the situation below the surface is hot enough to boil And

while the untrusting humans mass their defenses vampire armies have been building to match them with plans to exterminate the planet's current inhabitants saving only a handful of blood slaves Reginald Nikki Maurice and the others bunkered in at Maurice's estate find themselves in the middle of a no-win scenario Is it better to fight with their own kind in the vampire revolution Or should they turn traitors and risk extermination by the angels in order to protect the humans But just as the cold war outside is about to turn hot Reginald's ever-expanding vampire brain reveals the existence of an artifact that could predict the outcome of the coming war and maybe even a way to stop it The only problem is that nobody knows where the artifact is and when war then breaks and mass slaughter begins on both sides it seems that time may have run out Fat Vampire 5 is the biggest bloodiest most snack-filled installment in the Fat Vampire series so far and sets the stage for the sixth book's epic series ender a conclusion so big it'll shake the human world's foundations

Contagion and the Vampire Simon Bacon, 2023-08-10 This book examines how the vampire has always been connected to ideas of infection pollution and disease even more so in the 21st century where it expresses the horrors of unseen and unstoppable disease and the foreboding and anxiety that accompany viral outbreaks and wider epidemics Here the vampire gives physical form to the contagion and associated anxieties around the perceived causes and spread of disease where it can take on many forms from animal to pestilential particulate matter creeping shadows and even malignant weather systems If blood is life it is the body of the vampire that is death This timely study looks at how and why the vampire continues to fulfil this function and posits that the true patient zero in the 21st century is no longer the dangerous ancient outsider from the East but is the undying monster that is Western culture itself

Alienation, Apocalypse and the Postmodern Condition in "I am Legend" by Richard Matheson Maximilian Rütters,2021-09-07 Seminar paper from the year 2015 in the subject American Studies Literature grade 2 3 University of Bonn language English abstract The work that will be focused on the novel I Am Legend by Richard Matheson brings together the idea of the last living human on earth and the myth of vampires The author shows the theories of the novel that are hidden between the lines These theories are on the one hand easy to find and very obvious but on the other hand they have to be decoded word by word To be more specific I will try to show that the condition of alienation is one of the main topics in Matheson s writing Moreover I will show some postmodern aspect of the novel and why it is so fascinating to read apocalyptic writings The novel may be written in 1954 and set in the late 1970s but it can be a model for current interpretations of the apocalypse since apocalyptic writings make sense of bad things and are coping with situations in which people feel helpless Worlds Gone Awry John J. Han,C. Clark Triplett,Ashley G. Anthony,2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as The Lord of the Flies The Heart Goes Last The Giver and The Strain Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails Race, Gender, and Sexuality in Post-Apocalyptic TV and Film Barbara Gurr,2015-10-07 This book offers analyses of the roles of race gender and sexuality in the post apocalyptic visions of early twenty first century film and television shows Contributors examine the production reproduction and re imagination of some of our most deeply held human ideals through sociological anthropological historical and feminist approaches **Bowker's**
