correct information that really works so you'll never again need to yell, feel like your kids control you, or have another meltdown. That's right, you can stop feeling guilt or shame because you're not a parenting expert. With step-by-step instructions appropriate for all ages, toddlers to teens, you'll get down to the nitty-gritty of your child's nature and how to clearly communicate so you'll be consistently effective. This may sound like really high-level stuff, and it is. But as you'll see, it's easy and simple when you know how. The Thinking Chair Find Your Peace TCFP approach gives you the perfect system and guide rails for doing this like a pro. pg 12 This method's wisdom and effectiveness are rooted in what children taught me about themselves: their innocence, motivations, needs, insecurities, their desire to be really good people, along with what gains their love, trust, respect, gratitude, and admiration for teaching them values in a loving and authoritative way that makes them feel really safe. Besides, it's the type of caring attention they crave from adults who are important to them. pg 13 TCFP is based on what kids repeatedly show works for them, not just psychological understandings. Kids just understand it, making them feel secure, thus cooperative. You'll learn how to: 1. transform temper tantrums into Finding Your Peace, 2. nip sibling rivalry in the bud, 3. deal with lying, stealing, and bullying, 4. turn around a strong-willed or obstinately stubborn child, 5. stop defiance and squabbling kids, 6. gain insight into negative behaviors, 7. have open, honest communication with your child, 8. teach accountability for one's actions, 9. encourage positive behavior changes, 10. develop a strong moral compass, positive character traits.

It first focuses on developing a strong relationship between parent and child before moving on to effective discipline. The principles can be used in each of the child's environments: at home, at school, with grandparents, etc., and it also works with children who have been diagnosed with behavioural disorders. *The Parent to Parent Handbook* Betsy Santelli, Florene Stewart Poyadue, Jane Leora Young, 2001. In this comprehensive book, you'll learn how to develop and maintain a strong local Parent to Parent program that individually matches veteran supporting parents with those who are new to the challenges of caring for a child with a disability. [School Counselor Consultation](#) Greg Brigman, Fran Mullis, Linda D. Webb, JoAnna F. White, 2004-12-13. Proven practice tools and techniques for effective school consultations. Consultation gives school counselors numerous advantages over individual or small group counseling. Chief among them is the far greater amount of children and adolescents one counselor can reach by creating a more responsive school environment consisting of teachers, parents, and others who can make decisions that children cannot. The counselor can positively affect all students who pass through that environment.

However making consultation effective requires a high level of knowledge and skill School Counselor Consultation Skills for Working Effectively with Parents Teachers and Other School Personnel represents the most comprehensive resource available for understanding the entire consultation process Unlike other consultation books that focus on theory School Counselor Consultation emphasizes proven practice techniques These include What to say to parents and teachers about referring students to the school counselor What to ask teachers to assist in formulating successful interventions How to make the most of parent conferences How to plan for execute and follow up on consultation sessions A five step approach to conducting an individual consultation How to plan and present psychoeducational workshops to parents and teachers This hands on resource also features many forms and checklists including consultation record forms a sample agenda surveys and a crisis management plan that you can use in practice In addition four appendices cover Adlerian theory the American School Counselor Association and American Counseling Association Codes of Ethics and how to best use this book to build consultation skills Consultation offers one of the most time effective and beneficial services a school counselor can provide A valuable resource for both students and practicing counselors School Counselor Consultation is the most complete and up to date guide to the challenging yet highly rewarding consultation process
