Case Studies Fairy Tale Retelling:

A Cultural History of Fairy Tales in the Modern Age Andrew Teverson, Anne E. Duggan, 2023-11-02 Part six of a six volume set *The Modern Age 1920 to the present* In a work that spans 2 500 years these ambitious questions are addressed by over 50 experts each contributing their overview of a theme applied to a period in history With the help of a broad range of case material they illustrate broad trends and nuances of the fairy tale in Western culture from antiquity to the present Individual volume editors ensure the cohesion of the whole and to make it as easy as possible to use chapter titles are identical across each of the volumes This gives the choice of reading about a specific period in one of the volumes or following a theme across history by reading the relevant chapter in each of the six *Tales for Fairies* Alba Morollón Díaz-Faes, 2026-01-13 A groundbreaking exploration of how classic fairy tales have been transformed to illuminate and celebrate queer identities This scholarly account provides a trailblazing examination of how contemporary authors artists and creators have reclaimed the fairy tale for queer audiences Alba Morollón Díaz-Faes examines the queer threads in classic fairy tales like those in the works of Giambattista Basile the Brothers Grimm and Marie Catherine d'Aulnoy while tracing how queer communities have reshaped these stories to reflect changing social and political realities from the 1990s to the present This comprehensive study historicizes three periods of queer transformation of the fairy tale the first wave of fairy tale publications for a predominantly gay male readership in the 1990s a second wave in the 2000s that navigated queer politics through nuanced tales of monstrosity and heroism and a third wave in the 2010s of online queer communities circulating creative contestations to Disney's fairy tales With case studies from film to text to social media Díaz-Faes demonstrates how the inherent fluidity in fairy tales allows for the amplification of queer voices and experiences Ultimately *Tales for Fairies* not only reveals the long standing compatibility between queerness and the fairy tale but also charts an evolving landscape where imagination activism and retelling intersect to create a vibrant tradition of queer enchantment *The Routledge Companion to Media and Fairy-Tale Cultures* Pauline Greenhill, Jill Terry Rudy, Naomi Hamer, Lauren Bosc, 2018-03-28 From Cinderella to comic con to colonialism and more this companion provides readers with a comprehensive and current guide to the fantastic uncanny and wonderful worlds of the fairy tale across media and cultures It offers a clear detailed and expansive overview of contemporary themes and issues throughout the intersections of the fields of fairy tale studies media studies and cultural studies addressing among others issues of reception audience cultures ideology remediation and adaptation Examples and case studies are drawn from a wide range of pertinent disciplines and settings providing thorough accessible treatment of central topics and specific media from around the globe [New Approaches to Teaching Folk and Fairy Tales](#) Christa Jones, Claudia Schwabe, 2016-08-07 *New Approaches to Teaching Folk and Fairy Tales* provides invaluable hands on materials and pedagogical tools from an international group of scholars who share their experiences in teaching folk and fairy tale texts and films in a wide range of academic settings This interdisciplinary collection introduces scholarly

perspectives on how to teach fairy tales in a variety of courses and academic disciplines including anthropology creative writing children s literature cultural studies queer studies film studies linguistics second language acquisition translation studies and women and gender studies and points the way to other intermedial and intertextual approaches Challenging the fairy tale canon as represented by the Brothers Grimm Charles Perrault Hans Christian Andersen and Walt Disney contributors reveal an astonishingly diverse fairy tale landscape The book offers instructors a plethora of fresh ideas teaching materials and outside the box teaching strategies for classroom use as well as new and adaptable pedagogical models that invite students to engage with class materials in intellectually stimulating ways A cutting edge volume that acknowledges the continued interest in university courses on fairy tales New Approaches to Teaching Folk and Fairy Tales enables instructors to introduce their students to a new critical understanding of the fairy tale as well as to a host of new tales traditions and adaptations in a range of media Contributors Anne E Duggan Cyrille Francois Lisa Gabbert Pauline Greenhill Donald Haase Christa C Jones Christine A Jones Jeana Jorgensen Armando Maggi Doris McGonagill Jennifer Orme Christina Phillips Mattson Claudia Schwabe Anissa Talahite Moodley Maria Tatar Francisco Vaz da Silva Juliette Wood

Whose Story? Maria González Davies, Riitta Oittinen, 2008 This book is based on the discussions carried out in two seminars on the translation of children TM s literature coordinated by Maria Gonz lez Davies and led by Riitta Oittinen The main focus finally revolved around four questions a Tackling the challenges posed by translating children TM s literature both picturebooks and books with illustrations and the range of strategies available to solve specific issues b the special characteristics involved in reading aloud its emotional dimension and the sphere it occupies between private and public reading c the interpretation and manipulation of child images and d the role of the translator publishers and mediators as active or passive agents whose decisions may finally mirror the images projected by the authors of the source books This volume is also professionally oriented and presents examples that underline the interaction between theory and practice The topics range from Bible translation to translating the classics such as Beatrix Potter TM s tales and fairytales fantasy worlds for young adults as depicted in Tolkien TM s The Lord of the Rings or novels such as those by Christine N stlinger as well as stories with a psychological and social function such as the African war tales Finally it includes didactic applications that help enhance an awareness of the issues involved Marvels & Tales ,2002 Journal of fairy tale studies **Adaptation for**

Animation Hannes Rall, 2019-06-21 Talented animation artists often neglect successful storytelling in favor of strong visuals but now you can have both with this complete guide to adaptation for animation Veteran independent filmmaker Hannes Rall teaches you how to draw and adapt inspiration from copyright free materials like fairy tales myths and classic literature making it easier than ever to create your own compelling narrative Particular focus is given to making the adequate narrative and visual choices when transferring a text from page to screen How to create a successful adaptation With sections on subjects like transcultural adaptations visual poetry and production design this book is just the right mix of practical advice

lavish illustrations and industry case studies to give you everything you need to start adapting your story today Key features
