Concilium, Vol. 1995/2. *The many faces of the divine*, 1995 *The Many Faces of the Divine* Hermann Ha ring, Johann Baptist Metz, 1995 *A Theology of Conversation* Stephen Okey, 2018-10-10 Sometimes described as a theologian s theologian David Tracy s scholarship has impacted countless thinkers around the globe The complexity of his thought however has often made engaging his work into a daunting challenge Combining analysis of the most influential features of Tracy s theology theological method the religious classic public theology with a retrieval of his more overlooked interests Christology God Stephen Okey presents the essential themes of Tracy s career in accessible and insightful prose *Early Christian and Jewish Monotheism* Loren T. Stuckenbruck, Wendy E. Sproston North, 2004-05-27 Early Christology must focus not simply on historical but also on theological ideas found in contemporary Jewish thought and practice In this book a range of distinguished contributors considers the context and formation of early Jewish and Christian devotion to God alone the emergence of monotheism The idea of monotheism is critically examined from various perspectives including the history of ideas Graeco Roman religions early Jewish mediator figures scripture exegesis and the history of its use as a theological category The studies explore different ways of conceiving of early Christian monotheism today asking whether monotheism is a conceptually useful category whether it may be applied cautiously and with qualifications or whether it is to be questioned in favor of different approaches to understanding the origins of Jewish and Christian beliefs and worship This is volume 1 in the *Early Christianity in Context* series and volume 263 in the *Journal for the Study of the New Testament Supplement Series*

Unbroken Communion Kathleen Anne McManus, 2004-01-01 The reality of suffering is the greatest challenge to faith in the goodness of creation and the possibility of salvation Edward Schillebeeckx not only takes this into account but dialectically incorporates the reality of suffering into a theology generally defined by its focus on the interrelated themes of creation salvation and eschatological hope In *Unbroken Communion* Kathleen Anne McManus O P traces the origins of Schillebeeckx s thought its development and its consequences Schillebeeckx grounds his entire theological project in the promise of a divine human future made visible in creation and entrusted to human freedom Because suffering is so tangibly present in human experience it provides the means dialectically of imaging the horizon of our hope It is thus that Schillebeeckx turns suffering into hope

Asian Christian Theologians in Dialogue with Buddhism Kenneth Fleming, 2002 This book is a study of three of Asia s most respected contemporary theologians Kosuke Koyoma Choan Seng Song and Aloysius Pieris It gives an introduction to Asian Buddhism and the Christian dialogue with Buddhists in Asia Furthermore it examines the work of each theologian in detail looking at the method and content of their dialogue and outlining its impact upon their respective theologies The book provides a critique of their dialogue and engages with the theological issues that have emerged In areas such as religious identity theological method and liberation theology it is shown that their conversation with Buddhism contributes to the development of a genuinely Asian theology and moreover

raises important challenges to the worldwide theological community churches and to those engaged in interreligious dialogue
