Step By Step Fairy Tale Retelling:

Tales for Fairies Alba Morollón Díaz-Faes, 2026-01-13 A groundbreaking exploration of how classic fairy tales have been transformed to illuminate and celebrate queer identities This scholarly account provides a trailblazing examination of how contemporary authors artists and creators have reclaimed the fairy tale for queer audiences Alba Morollón Díaz-Faes examines the queer threads in classic fairy tales like those in the works of Giambattista Basile the Brothers Grimm and Marie Catherine d'Aulnoy while tracing how queer communities have reshaped these stories to reflect changing social and political realities from the 1990s to the present This comprehensive study historicizes three periods of queer transformation of the fairy tale the first wave of fairy tale publications for a predominantly gay male readership in the 1990s a second wave in the 2000s that navigated queer politics through nuanced tales of monstrosity and heroism and a third wave in the 2010s of online queer communities circulating creative contestations to Disney's fairy tales With case studies from film to text to social media Díaz-Faes demonstrates how the inherent fluidity in fairy tales allows for the amplification of queer voices and experiences Ultimately *Tales for Fairies* not only reveals the long standing compatibility between queerness and the fairy tale but also charts an evolving landscape where imagination activism and retelling intersect to create a vibrant tradition of queer enchantment

Constructing the Adolescent Reader in Contemporary Young Adult Fiction Elisabeth Rose Gruner, 2019-05-17 This book examines the way young adult readers are constructed in a variety of contemporary young adult fictions arguing that contemporary young adult novels depict

readers as agents Reading these novels suggest is neither an unalloyed good nor a dangerous ploy but rather an essential occasionally fraught by turns escapist and instrumental deeply pleasurable and highly contentious activity that has value far beyond the classroom skills or the specific content it conveys After an introductory chapter that examines the state of reading and young adult fiction today the book examines novels that depict reading in school gendered and racialized reading reading magical and religious books and reading as a means to developing civic agency These examinations reveal that books for teens depict teen readers as doers and suggest that their ability to read deeply critically and communally is crucial to the development of adolescent agency

Women and Leadership Development in College Jennifer M. Pigza, Julie E.
