Preaching David Shearlock,1990 *Principles and Practice of Preaching* Ilion T. Jones,1981 *The Four Pages of the Sermon, Revised and Updated* Paul Scott Wilson,2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two This approach is about preaching the gospel in nearly any sermonic form Wilson teaches the what why and how of sermon construction all rooted in a theology of the Word This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on humans It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching the New Homiletic African American preaching the effect of the internet and use of technology A chapter on exegesis has been added plus new focus on the importance of preaching to a felt need the need for proclamation in addition to teaching and developing tools to ensure sermon excellence New sermon examples have been added along with a section that responds to critics and looks to the future

The Practice of Preaching Andreas Hyperius,2026-01-19 *Leading with the Sermon* William H. Willimon,2020-02-04 In this addition to the new Working Preacher Books series prolific author William H Willimon makes the compelling case that two key pastoral tasks preaching and leadership complement correct strengthen and inform one another Preaching is the distinctive function of pastoral leaders Leadership of the church particularly during a challenging time of transition in mainline Protestantism has become a pressing concern for pastors This book shows how the practices skills and intentions of Christian preaching can be helpful to the leadership of a congregation It will also show how leadership is an appropriate expectation for sermons In preaching pastoral leaders can help a congregation face its problems and coordinate its God given resources to address those problems Sermons can be an opportunity to articulate motivate and orchestrate God s people in doing God s work in the church and in the world *Leading with the Sermon* includes chapters on why pastors must be leaders why preaching is such an essential task in telling the truth about the gospel how preaching makes better leaders and how better leaders make better preachers

Transformational Preaching David M. Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning

Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry

Co-preaching Frida Mannerfelt,2023-05-04 The purposes of this article based thesis are to explore and understand preaching as a practice in general and the practice of preaching in digital culture and spaces in particular Informed by the practice theory of Theodore Schatzki it presents the results of a cross case analysis of four different case studies of the practice of preaching in digital culture and spaces in Swedish protestant churches Based on the analysis Frida Mannerfelt argues that the deep relationality of the practice of preaching involves not just humans and texts but also material arrangements and that this feature often is amplified in digital culture and spaces While there were examples of a decrease overall there was an increase in interaction negotiation and interdependency In light of this Manner felt contends that the practice of preaching in digital culture and spaces is characterized by co preaching Moreover Mannerfelt argues that some of the implications of co preaching are the enabling and encouragement of dialogue imagination and the priestly function of the priesthood of all believers but also an increased vulnerability for the co preachers involved

Ordained to Preach Charles E. Miller CM,2003-07-21 Sacred Rhetoric Michael Pasquarello III,2012-06-01 Modern approaches to preaching today are largely fixated on how to s how to make preaching more relevant more interesting more entertaining Michael Pasquarello suggests that this fixation may stem from a preaching imagination more beholden to technical scientific reason than theological wisdom Rather than devising new techniques or strategies for effective speaking Pasquarello offers something more salutary portraits of ten exemplary preachers from the Christian tradition Included in Pasquarello s gallery are Augustine of Hippo Gregory the Great Benedict Bernard of Clairvaux Bonaventure Thomas Aquinas Erasmus Hugh Latimer Martin Luther and John Calvin These excellent preachers conceived of Christian speech as a unique theological practice learned through prayerful attention to the Bible and aimed at communion with God Sacred Rhetoric invites readers to join an extended conversation with the past in order to become faithful preachers of the gospel in a post Christian society Preachers seminarians and students of Christian history will find much to learn from Pasquarello s fresh perspective and passion for the past

SCM Studyguide: Preaching Peter K. Stevenson,2017-01-31 Peter Stevenson provides an introduction to the practice of preaching It is designed for people from various church traditions in the early stages of ministerial formation Preaching is a complex and challenging business requiring a demanding mixture of skills People listening to a sermon have the right to expect that a person who stands up to preach can interpret the Bible competently has a grasp of core Christian beliefs and believes what they preach They also

expect someone who has the necessary range of communication skills to put the message across in an accessible way Such a range of expectations presents daunting challenges to the most experienced preacher Including practical exercises which could be used by individuals or by groups this book is suitable for introductory courses in preaching or for modules which consider preaching within an overall focus upon leading public worship *Teaching Preaching as a Christian Practice* Thomas G. Long, Leonora Tubbs Tisdale, 2008-07-21 Preaching's most able practitioners gather in this book to explore and explain the idea that preaching is a practice that can be taught and learned Arguing that preaching is a living practice with a long tradition an identifiable shape and a broad set of norms and desired outcomes these noted scholars examine pedagogical approaches that will introduce students to the practice of preaching and encourage a life long process of becoming effective practitioners The book concludes with designs for a basic preaching course and addresses the question of how preaching courses fit into the larger patterns of seminary curricula **Preaching Like the Prophets** Robert A. Carlson, 2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching Too often the prophets are misunderstood as focusing on future or social justice issues This book shows that the prophets are essentially preachers very good ones whom we must learn from By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher We can benefit not only from what the prophets say but how they say it By seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets Principles and Practice of Preaching Ilion T. Jones, 1956 *More than a Sermon* Douglas D. Webster, 2024-05-08 In *More than a Sermon* Douglas D Webster highlights the prophetic and pastoral challenge of preaching today The task is both harder and easier than we imagine as we are called to proclaim the biblical text in a way that convicts a hostile world while encouraging our congregations to rest in Christ's love We need preaching that both swings the hammer that breaks hard hearts yet does not break the bruised reeds in our care Offering practical insights and examples Webster explores what it means to preach the gospel in different seasons such as Advent and Lent memorial services and weddings and times of crisis or social impact *More than a Sermon* is a valuable resource for both new pastors and veteran preachers who want to proclaim the whole counsel of God with power and wisdom Broken Words Paul Scott Wilson, 2010-09-01 A look at what both our successes and failures in preaching can tell us about how to craft better sermons Paul Wilson has long been one of the most important figures among those who seek a richer and more complete understanding of what preaching is and how it might be made better In this new book he draws on his broad and deep work in homiletics to show preachers how to craft a variety of types of sermons How do you preach from the Old Testament What are the particular needs and challenges of preaching the Good Friday and then the Easter sermon What do

you do when you want to address contemporary events Recognizing that all sermons are in some ways broken words he includes in each chapter an illustrative sermon some of which work well yet others of which don't If you stand in the pulpit long he reminds us you're going to preach your share of both You would do well to learn then how either kind of sermon the ones you're proud of and the ones you want to forget can provide ample opportunities to learn how to be a more effective and faithful preacher of the gospel Readers will learn how to vary the sources styles and substance of their sermons Key Benefits Will empower the reader to move outside their comfort zone in preaching thus engaging the broader possibilities for preaching Will help the reader to learn how to assess both their strong and weak sermons and learn from each
