

ALBAN BERG QUARTETT
BEETHOVEN
THE COMPLETE STRING QUARTETS

— LIVE IN VIENNA KONZERTHAUS —

String Quartets

Thomas Frederick Dunhill

String Quartets:

Beethoven's string quartets Philip Radcliffe, 1978 **String Quartets in Beethoven's Europe** Nancy

November, 2022-04-19 *String Quartets in Beethoven's Europe* is the first detailed study of string quartets in late eighteenth and early nineteenth century Europe. It brings together the work of nine scholars who explore little studied aspects of this multi-faceted genre. Together, this book's chapters deal with compositional responses to Beethoven's string quartets and the prestige of the genre, varied compositional practices in string quartet writing with a particular emphasis on texture and performance elements, and the reception of Beethoven's string quartets ca. 1800. They include discussions of quartets composed for the amateur and connoisseur markets in Beethoven's Europe, virtuosity, the French Violin School, and the *quatuor brillant*, the relationship between quartet composers and their audiences during Beethoven's era, and the cross-pollination of quartet styles in Europe's musical centers such as Vienna, Paris, and St. Petersburg. String Quartets Mara Parker, 2011. This research guide is an annotated bibliography of sources dealing with the string quartet. This second edition is organized as in the original publication: chapters for general references, histories, individual composers, aspects of performance, facsimiles, and critical editions, and miscellaneous topics, and has been updated to cover research since publication of the first edition. Listings in the previous volume have been updated to reflect the burgeoning interest in this genre, social aspects, newly issued critical editions, doctoral dissertations. It also offers commentary on online links, databases, and references. Publisher description **The ten celebrated string quartets** Wolfgang Amadeus Mozart, 1979

Beethoven String Quartets Basil Lam, 1975 Library of Congress Subject Headings Library of Congress, Library of Congress. Office for Subject Cataloging Policy, 1993 **String quartets, op. 17** Joseph Haydn, 2000-01-01. In the course of a 50-year period, Haydn composed some 80 string quartets whose range and variety of structural invention rank second only to those of Beethoven. This fine new anthology consists of the six pieces known collectively as Op. 17 String Quartet in E Major, Op. 17 No. 1 String Quartet in F Major, Op. 17 No. 2 String Quartet in E-flat Major, Op. 17 No. 3, and three other pieces. **The Cambridge Companion to the String Quartet** Robin Stowell, 2003-11-13. This Companion offers a concise and authoritative survey of the string quartet by eleven chamber music specialists. Its fifteen carefully structured chapters provide coverage of a stimulating range of perspectives previously unavailable in one volume. It focuses on four main areas: the social and musical background to the quartet's development; the most celebrated ensembles; string quartet playing, including aspects of contemporary and historical performing practice; and the mainstream repertory, including significant mixed-ensemble compositions involving string quartet. Various musical and pictorial illustrations and informative appendixes, including a chronology of the most significant works, complete this indispensable guide. Written for all string quartet enthusiasts, this Companion will enrich readers' understanding of the history of the genre, the context and significance of quartets as cultural phenomena, and the musical, technical, and interpretative problems of chamber music performance. It will

also enhance their experience of listening to quartets in performance and on recordings *Haydn, String Quartets, Op. 50*
W. Dean Sutcliffe, 1992 The Op 50 string quartets contain some of the purest writing Haydn ever accomplished In this first full account of these six quartets Dean Sutcliffe evaluates the Op 50 in relation to Haydn's more frequently performed quartets and considers their relevance to the composer's wider output A lucid and accessible discussion of the music emphasises the unity of each quartet not only motivic unity but unity also of texture articulation harmony and syntax Each quartet is described in detail The informative background provided by Dr Sutcliffe includes a brief history of the string quartet and an assessment of Haydn's earlier works in this genre and of his role at Esterhaza The description of the composition and publication of the Op 50 quartets is based on the evidence of Haydn's surviving letters and the recently discovered autograph copies of Nos 3 to 6 a discovery which is vividly documented here for the first time **Library of**
