woman whose life has come to feel like a checklist of tedious responsibilities rather than a bright flaming torch of divine power Shannon Watts uses her experience wisdom and fierce intuition to model a new way of living for women one that is rich with meaning deep with empathy and yes full of transformative fire Elizabeth Gilbert bestselling author of Eat Pray Love and Big Magic Creative Living Beyond Fear From the founder of Moms Demand Action a guide to harnessing your potential living without fear and coming alive at any age Too many of us are living on autopilot We believe we re too old too busy or too inexperienced to go after what we really want Shannon Watts has a message for you Think again If you are ready to stand tall in your greatness Fired Up invites you to shatter your self imposed limitations and unleash your potential so you can finally start living the life you deserve Since starting Moms Demand Action the nation s largest grassroots organization against gun violence Watts has helped thousands of women step off the sidelines and into their power What most women don t realize is that inside all of us is a spark waiting to be ignited Your spark is the catalyst for your life s meaning and joy When nurtured it has the potential to transform not only your life but the world Whether you want to stand up for yourself at work launch the business you always dreamed of or leave a toxic relationship and reclaim your confidence Fired Up shows you how to identify light and feed the fire inside you As Watts says That s not an indulgence it s a requirement for living the most authentic life possible without regrets

Self-Help in the Digital Age Loredana Filip,2024-09-23 In an age where science and technology hold sway and the humanities face a crisis this book explores the evolving role of literature It delves into how American self help culture shapes contemporary ideals of success mindfulness and happiness with a particular focus on its influence in science communication notably in TED talks Moreover it underscores the enduring relevance of literature in the digital era by analyzing speculative novels that challenge established norms including those propagated by TED These novels include Richard Powers Generosity An Enhancement Margaret Atwood s MaddAddam trilogy and Gary Shteyngart s Super Sad True Love Story They question the Western preference for visual perception which perpetuates a human centric worldview By focusing on literary synesthesia in the readings this book emphasizes sensory experiences and human nonhuman interactions It adopts the concept of research as assemblage and uses a diverse range of theories and approaches while it foregrounds critical posthumanism and new materialism Ultimately it advocates for a less anthropocentric approach to reading and presents literature as a transdisciplinary life science capable of fostering a kinship of posthumanity

The Little Book of Self-Help Ivette Smith,2025-12-18

Futilitarianism Neil Vallelly,2021-11-16 A proposal for countering the futility of neoliberal existence to build an egalitarian sustainable and hopeful future If maximizing utility leads to the greatest happiness of the greatest number of people as utilitarianism has always proposed then why is it that as many of us currently maximize our utility by working endlessly undertaking further education and training relentlessly marketing and selling ourselves we are met with the steady worsening of collective social and economic conditions In Futilitarianism social and political theorist Neil Vallelly eloquently tells the story of how neoliberalism transformed the relationship between utility

maximization and the common good Drawing on a vast array of contemporary examples from self help literature and marketing jargon to political speeches and governmental responses to the COVID 19 pandemic Vallyelly coins several terms including the futilitarian condition homo futilitus and semio futility to demonstrate that in the neoliberal decades the practice of utility maximization traps us in useless and repetitive behaviors that foreclose the possibility of collective happiness This urgent and provocative book chimes with the mood of the time by at once mapping the historical relationship between utilitarianism and capitalism developing an original framework for understanding neoliberalism and recounting the lived experience of uselessness in the early twenty first century At a time of epoch defining disasters from climate emergencies to deadly pandemics countering the futility of neoliberal existence is essential to building an egalitarian sustainable and hopeful future
